

FOUR ARE ARRESTED ON GAMING CHARGE

Attracted by five shots late on Thursday night, Patrolman Perzynski entered a house at 1405 Wayne st., broke up a game of "Black Jack," and arrested Nick Damora, Nick Malons, Mike de Francisco and Pat de Francisco on charges of gambling. Cards and \$3.45 in change, which Perzynski said he found on the table, are held as evidence.

According to Perzynski, the men told him they had been playing cards, and that one of the men who lost some money became angry and shot through the window. A revolver was found in Damora's possession, Perzynski said.

THIEVES ACTIVE ON THE HOLIDAY

Mrs. Jennie Lichtman told the police thieves entered her cigar store at 310 Perry st., while she was at a theater on Thursday night, and stole knives, tobacco and two watches. Detective Kruse and Patrolman Schultz arrested men who gave their names as John Hegel and Mike Summerfield, who were quarrelling over one of the watches in an alley back of the store.

Two revolvers, 200 cartridges, seven razors and six knives were taken from C. D. Clapp's hardware store, Summit and Lynn sts., early on Friday morning, after thieves had broken the glass out of the front door, according to Clapp's report to police.

Thieves broke the glass in a rear window of the Melchers & Effler company's office, 609 Monroe st., on Thursday night, and tried to remove the iron bars from the window. They secured nothing

OFFICER'S SON SHOT

William Connors, 16, son of Detective John Connors, 1317 Foster ave., was shot in the thigh and seriously wounded about 11 a. m. on Saturday, when a boy friend pointed a rifle at him and pulled the trigger. The lad said he "didn't know the gun was loaded."

HAD THREE COATS; COP TO INVESTIGATE

Man giving the name of John Newhall, 516 Front st., was arrested by Motorcop Kingsley late on Friday night when Newhall tried to sell two or three overcoats. Newhall refused to say where he had obtained the supply of coats, telling Kingsley "that's for you to find out." Newhall was held on suspicion

NEGRO IS RUN DOWN BY AUTO; TO RECOVER

W. H. Cooper, 60, negro, 1603 Canton st., was reported by attendants at St Vincent's hospital to be much improved on Monday morning from injuries received at Jefferson ave. and Erie st., on Sunday, when he was run down by an auto driven by Herbert Donnelly, 19, of the Scottwood apartments. Cooper's head was injured. He was sent to the hospital in Clegg's ambulance by Detective Harris and Patrolman Daly. Donnelly was released on his own recognizance.

Switzerland shares with Scotland the distinction of being the best educated country in the world.

BELLBOY BURGLAR PROUD OF HIS WORK

"The Bellboy Burglar" was the title given Theodore Broadbeck, 19, by detectives, on Tuesday. Broadbeck confessed in police court to having burglarized the Staunton grocery store, 1119 Adams st., on Sunday night. The youth appeared rather proud of his ability as a burglar. Broadbeck was arrested by Detectives Cairl and O'Reilly on Tuesday morning and when questioned by Detective Nichter, confessed.

Three months ago Broadbeck was arrested and charged with stealing \$170 from Walter F. Brown. The boy has worked as bell hop in several local hotels. Judge Austin held Broadbeck to the grand jury.

GET A REPEAT CALL ON NERVY BRASS THIEVES

Investigating a report that thieves were working in the abandoned Grasser & Brand brewing plant, at St. Clair and Williams sts., Patrolman Welsenberg found three men stripping the machinery of brass fixtures at 12:30 on Tuesday. At the police station they gave their names as George Kruger, George Hoffman and Fred Fenner.

About ten minutes later another report was received from the same place. Detectives Martin and Connors and Patrolman Welsenberg responded. They found two more men who were picking up plunder left by the trio. They gave their names as Bert Gall and Walter Rathrow.

The watchman at the plant estimated that \$1,000 damage was done.

KAPP PREPARES BED-OFFICE AT OWN EXPENSE

Safety Director Kapp has selected and is having redecorated a bedroom and headquarters that he will occupy at night at No. 3 engine house, Jefferson ave. and Ontario st.

The police and fire operators are located only a few feet from the room and the director will be notified of all important fires and police cases. Kapp intends to respond to all second and third alarm fires and to direct all big police cases. Kapp will pay for furnishing the room.

The safety director announced Wednesday that he will continue the present system of handling charity cases in conjunction with the city federation of charities.

Kapp has not selected a building which to house the tramps. He is considering a plan to utilize some of the spare room at the Central station for this work.

PATROLMAN STRICKEN

Patrolman Mahlon Schomp, 2461 Franklin ave., was stricken with paralysis at his home on Tuesday evening, according to a report at police headquarters on Wednesday. Dr. Dickey, new police surgeon, attended Schomp. This was Dr. Dickey's first case as police surgeon.

"DOPE" IS BLAMED BY MEN HELD FOR THEFT

"Dope" was blamed on Wednesday in police court, by three young men for their predicament. Robert McClane, 18, Bert Gall, 22, and Walter Rathrow, charged with stealing brass from the abandoned Grasser & Brand Brewing company's plant, admitted being victims of the morphine habit.

McClane was sentenced to 30 days in jail and fined \$200 and costs by Judge Austin, on a larceny charge. The boy broke down and cried in court, after admitting that he could not break away from the "dope" habit.

Gall and Rathrow and three other youths, who gave their names as George Kruger, George Hoffman and Fred Fenney, were held to the grand jury on charges of house-breaking.

COPS TAKE TWO; FIND JEWELRY AND SOME TOOLS

Men who gave their names as Ora Parent, 26, and John Dixon, 32, 1709 Spielbusch ave., were arrested by Detectives Cairl and O'Reilly on Wednesday night.

Nine other men were arrested as suspects and much plunder recovered by police on Wednesday. Police believe several of the prisoners know much about many hold-ups which have occurred recently.

After arresting Parent and Dixon, Cairl and O'Reilly searched the men's room. They found watches, diamonds, rings and other articles. Officers said they found some burglars' tools. The jewelry is valued at more than \$1,000, police said.

Complaining they had beaten him when he requested the return of some furs, which he said he owned, B. S. Morehouse, fur dealer, 1607 Madison ave., caused the arrest of Joseph Babcock, 50, 531 Cherry st., and George W. Martin, 28, Chicago, Ill., on Wednesday night. The men were found by Detectives Herbert, Delehanty, Kruse and Harris.

RETURN OF 'POKE' SURPRISE AFTER COPPER SHOOTS

Police were trying on Thursday to unravel the re-appearance of a pocketbook in the pocket of J. D. Muir, 73, of Dunbridge, late on Wednesday night, after Muir had caused the arrest of a man giving the name of J. Conklin, for picking his pocket.

Muir told police he felt a hand in his pocket as he entered a Toledo, Fostoria & Findlay electric car at the interurban station at 11:30 on Wednesday night. Conklin brushed past Muir and went to the front end of the car, Muir said he followed and accused Conklin of taking his purse. Conklin jumped off the car, Muir said, and was chased by Muir's son, Dudley, to Huron and Jackson sts.

Patrolman Leo Epker halted Conklin by firing two shots. After a ride to the police station in the patrol wagon, Muir found his purse in his outside overcoat pocket with his gloves.

MUST BE POLITE, IS KAPP'S COP ORDER

That courtesy would be one of the rigid requirements of the police department was the statement of Safety Director Kapp on Thursday morning after he had finished "bawling out" one patrolman, who, it was reported, had retained his seat in a street car, allowing women to stand.

"That sort of thing will not be tolerated for a moment," Kapp declared.

KAPP WARNS OF DANGER TO MEN AND PROPERTY

Councilmen on Wednesday were considering the erection of a new central police station as a result of a visit of several members of council and Mayor Keller to the station on Wednesday night, following the meeting of the public improvements committee.

The visit to the station came as a result of these statements by Safety Director Kapp. "The central station and prison is the filthiest place I was ever in. It is unsanitary, full of rats and vermin, and we have no right to send even the lowest human being there."

FIRE HOUSES UNSAFE.

The safety director also said to the improvements committee: "No. 11 house is dirty and damp, and I don't believe we have any right to ask men to work there and live there 24 hours of the day. No. 3 engine house is unsafe. The heavy batteries stored on the third floor have resulted in cracks two inches wide in the building and every morning the men have to wade through a half inch of dust. They actually are afraid of the building."

Kapp continued: "It seems to me that laying this matter over for a week without action is starting the same tactics that have deprived the city of a pumping station for the past two years."

MAY USE BIG STICK.

"It is costing the city thousands of dollars to keep those unused high pressure mains in the ground. And if we have a big fire in the downtown district, council will regret the delay.

"I have in mind a plan for a new pumping station, safety department building, police headquarters and jail on the same property, and I tell you if you delay this matter too long, I'm afraid I'll have to get a 'big stick.' "

HAD "FIXED" COPS; JUDGE IS "GRATEFUL"

"Every time I meet this man he asks me for a dime," said Patrolman Schroeder in police court on Thursday, regarding Sam Harper, 35, charged with panhandling. Asked why he forced his attentions on the policeman, Harper said: "I was only kidding the officer. I have a fine stand-in around the station. They all know me. Why, I have given cigars to almost all of the cops."

Judge Austin smiled. "Well, I think it is about time I gave you something—say 20 days in jail," remarked the judge.

FIFTY JOBHOLDERS TO LOSE OUT?

Kapp Expects Soon to Have Flying Squadron

"Between 40 and 50 men holding political jobs will have to be let go to meet the reductions we have made so far," said Councilman C. J. Stevert on Friday in discussing the work of the council finance committee.

"These men are of no use to the city," Stevert said.

Combination auto patrol and ambulance and a seven passenger touring car for a flying squadron will be added soon to the equipment of the police department and the old patrol wagons, ambulance and 12 horses will be sold.

This was indicated when the committee on Thursday afternoon approved an appropriation of \$10,000 asked by Director Kapp for that purpose.

Kapp intends to purchase first, 17 motor hose and chemical wagons. He also favors new fire engines instead of the tractor attachment for engines being tried here. The police department furniture and fixture account was cut \$200 by the committee. The fund for workhouse supplies was cut \$500. The building inspector's department lost \$100 in its incidental account. Only \$1,100 was appropriated for autos in the department. The department had asked for \$2,000.

MUST RE-EXAMINE ALL.

That all employes of the city in the classified department under civil service will have to be re-examined in a non-competitive examination, was made plain by Civil Service Commissioner L. H. Paine in his appeal for salaries for the civil service commissioners of \$100 a month. Council fixed the salary at \$75 per month.

The city forestry department will not be wiped out, if council passes the appropriations as fixed by the committee, and the park department will have more money. The forestry department was voted

\$2,500 for the first six months, which is the usual appropriation.

Members of the park department outlined the work that this department had done, and the majority of the committee members approved it. The park department was allowed \$22,500 for the first

six months, which is \$2,500 more than it was allowed for the same period a year ago.

WOULD REDUCE SALARIES.

The waterworks department received \$166,000, which is \$8,000 less than for the corresponding six months of last year. Superintendent Goodwillie recommended reductions in the pay of 15 meter readers and other waterworks employes from \$85 to \$75 per month. Councilmen Kilbury and Irwin made a fight for the employes. The

position of the general inspector of the waterworks at a salary of \$125 a month will be wiped out.

Councilman Kilbury, speaking of the proposed reduction of meter readers' pay, said: "We did not hesitate to vote \$75 to the civil service commissioners, who devote only a part of their time to the work, and yet we propose to cut these men who support families to \$75 per month."

WHITLOCK'S BOOKS TAKEN BY MISTAKE

Box of valuable books was taken from the cellar of the home of Brand Whitlock, 629 Winthrop st., late on Friday afternoon by a rag picker who had been employed to clean up the cellar.

When Whitlock discovered his loss, the rag picker had sold the books to a Canton st. merchant. Detective Joseph Nichter was detailed on the case. The books were recovered. No arrests were made. The rag picker explained that he didn't know the books were valuable.

SICK WOMAN IS BANDITS' VICTIM; BABY RING TAKEN

Police were searching on Saturday for two negroes and a white man who were reported to have robbed the home of Bert Skinner, 2026 Wakeman st., on Friday afternoon while Mrs. J. St. Aubin, the only occupant of the house, was ill in bed.

Mrs. St. Aubin was reported to be in a serious condition on Saturday as a result of the nervous shock.

When police arrived at the Skinner home Mrs. St. Aubin was surrounded by a group of excited neighbors, who had been summoned by her cries for help. The white man held a revolver to her head, Mrs. St. Aubin declared, and threatened to kill her unless she told him where money was concealed in the house.

While the man held the revolver to her head, Mrs. St. Aubin said the negroes ransacked the house. They secured only a baby's ring. Detectives Rock and Howard found no trace of the trio. Late on Friday night Detectives Martin and Connors arrested a man on suspicion.

COPS GUARDING TREASURE HERE

Fresh Eggs at Poultry Show Necessitate a Detail

Mystery surrounding the presence of two policemen always on guard at the poultry show has been solved. It developed that hens on exhibition do something besides look pretty. Eighteen dozen as fresh eggs as ever a hen laid testify to that and to the need of the two policemen.

The eggs will be given to the Thallans to be used in the treatment of tuberculosis.

ENTRIES ARE JUDGED.

Nearly all the entries had been judged on Wednesday. Gold cups and money were the prizes to the winners. Terminal auditorium took on the air of a county fair on Tuesday night with its "hot dog" stand, the crowing roosters, chicken feed salesmen and other boosters. Many were delighted with the display of gold fish and fan-tail pigeons in the lobby.

The largest pigeons ever shown in Toledo are on exhibition. They are known as Swiss Mondaines and belong to Ulrich J. Julius, 536 Church st.

MUCH RIVALRY EXISTS.

Among the poultry, much rivalry exists. Miss Plymouth Rock gives a furtive glance at her neighbor,

Miss Brown Leghorn, across the aisle, then begins a careful groom of her proud feathers. Having completed the toilet she looks again at her rival, then gives a cluck of self-satisfaction.

Mayor Keller is to speak on Wednesday night, when the exposition will be opened to the public.

REMEMBER THIS TOLEDO MURDER? KAPP AT WORK

Safety Director Kapp is at work on a murder mystery.

The first clue came to him in a letter from Pateau, Okla., which said a man known as Michael Richards, who died there recently, had told his family his real name was Michellius Angelo Riccardo and that he had changed his name after a murder in Toledo 28 years ago. Riccardo is said to have had money on deposit here. The heirs want it.

Former Police Inspector O'Dwyer could not recall the name of Richard or Riccardo in connection with any murder. He revealed two unsolved murders that occurred at about that time. One was that of a woman named Stahl in 1884 and that of a street car man killed near the Galena car barns a short time afterward.

None at police headquarters could recall on Wednesday a murder in which a man named Richards or Riccardo figured.

CAVE DWELLERS SENT TO WORKS

Sanitary, But Sad, They Dwell Now in City's Prison

Joe Vorgot and Joe Laska, cave dwellers, were sentenced to 30 days in the workhouse, on Tuesday, by Police Judge Austin. For many moons Joe and Joe "kept house" in

a cave on the bank of the Maumee river near Kelsey st. They slept on the skins of the beasts they slew. They slew none. They carved their meat with safety razors.

Little cared they for the gay life of the city, the lure of the bright lights or the call of the bathtub. They were children of nature. Such bliss could not last.

Modern mortals objected to living in a neighborhood with cave dwellers, who paid little heed to such a small matter as clothing. Hence Joe and Joe were taken from their suite on Monday night and placed in the police station by a blue-uniformed person named Cook.

"Thirty days," said the judge, who doesn't pretend to understand the soul of the cave man.

Joe and Joe are sanitary but sad

IS RUN DOWN BY AN AUTO AS HE STEPS FROM CAR

John F. Degner, 2918 Michigan st., was in serious condition on Thursday morning from injuries received when he was struck by an auto as he stepped off a street car at Summit st. and New York ave. on Wednesday evening.

Charles M. Dederich, 816 W. Woodruff ave. was driving the car. Men giving the names of D. N. Brown and H. S. Degolla, of Eaton Rapids, Mich., and B. F. Steele of St. Louis, Mo., also occupied the machine. Motorcops Tibbels and Jennings arrested the four men after trailing them about the city. They were released on their own recognizance.

When the car struck Degner, it carried him about 30 feet. He rolled off the hood into the street. The auto party drove rapidly away, leaving Degner in the snow-covered street. He was found by pedestrians. Degner was sent home in the police ambulance.

Occupants of the machine denied any knowledge of the accident when arrested. Later they admitted running down Degner, police said. They did not explain why they did not assist him.

NEGRO SHOOTS AT A VISITOR TO HOME

Detectives Cairl and O'Reilly were searching Thursday morning for Dick Clark, negro, as a result of a shooting scrape in Clark's home at 1717 Canton st. on Thursday morning.

When Clark returned to his home he found Herbert Allen, negro, visiting there. Clark became enraged at Allen and is said to have fired at him. The bullets went wide. Clark fled. The detectives arrested Allen.

SECOND 'BOMB' IS PAIL OF COFFEE

Second report within a week of "blackhand bombs" was received by police on Saturday morning when the proprietor of a bicycle store at 813 Monroe st. phoned to police that a suspicious looking pail, from which a white liquid was oozing, was placed in front of his shop.

Motorcop McCloskey investigated and found the pail filled with coffee and milk. Milk was dripping down the side of the pail. The first "bomb" alarm came from 19th st., near Madison ave., several days ago. Police found a plumber's tool containing white lead.

SUSPECTED DOPE PEDDLER GIVEN LIMIT IN JAIL

George Graham, 33, roomer at the St. Charles hotel, was sentenced to six months in the county jail and fined \$500 and costs on a charge of "peddling" habit-forming drugs, by Police Judge Austin on Saturday morning.

"I think it will take some time to get you all cleaned up in good shape, and get your system free from dope," Judge Austin told Graham. Graham said he was afraid he'd die unless he received assistance at once.

Physicians said Graham was in serious condition on Saturday, following a night in jail without his drugs. Graham was arrested late on Friday night by Detectives Tracy and Delehanty.

Testifying at Graham's trial on Saturday, Tracy said he believed Graham had been peddling dope about town for some time. Tracy said Graham had a bottle of morphine and a "needle" when he was arrested.

HERE THEY ARE AT LAST--CENSORS FOR SLIT SKIRT, AND THEY'RE COPS

How high may a slit skirt be slit?

"Fifteen inches!"

Such is the decree of those intelligent guardians of property, the police. Any longer breach in

the skirt is considered a breach of the peace—at least in the puritanical minds of the good people of Middleboro, Mass.

Chief of Police Swift of more-than-moral Middleboro has shown

that 15 inches is the very ultimate maximum of leg that can be decently shown. And so he has turned loose on the streets the "slit-skirt censors" —a detachment of patrolmen armed with two-foot rules instead of clubs.

But the rule is, in fact, unnecessary, for each censor has so delicate a sense of decency that he can tell at once, and infallibly, by the tingle of shame which passes over him when he sees it, that a certain slit skirt is revealing a sixteenth of an inch more of limb than the first 15 inches which alone can be gazed upon with perfect propriety

IS SHOT THROUGH EAR, BUT WONT TELL THE COPS

.....

An unidentified man who was shot through the ear at midnight on Saturday while crossing the Lake Shore bridge at Ottawa and Bridge sts., was reported by attendants at St. Vincent's hospital to be nearly ready for dismissal from that institution on Monday. All efforts of police to solve the mysterious shooting of the stranger have been frustrated by the victim, who has refused to talk. He is about 26 years old and is thought to have been employed as a waiter. He was not seriously injured.

Special Policeman Dell Hair found the man lying on the Lake Shore bridge on Saturday night. Hair was attracted to the bridge by several shots. When he approached he said he saw three men run away from the place. He found the revolver on the ice below the bridge. Police have been unable to locate any of the trio.

YOUTH HAS DOPE; IS GIVEN LIMIT BY POLICE JUDGE

"Three mothers came and told me this fellow has been giving their boys dope. They cried when they told me about it," said Patrolman Ansell, in police court on Monday morning, where Elmer Ernest, 20, was charged with having habit-forming drugs in his possession.

Ansell arrested Ernest on Friday night at St. Clair and Adams sts.

Sulphate of morphine and a needle were found in the youth's possession. Later Ansell opened a box shipped to Ernest from Cleveland. The box contained seven bottles of sulphate. Judge Austin gave Ernest the limit, six months in jail and a fine of \$500.

FIVE GET LIMIT IN PRISON FOR CARRYING DOPE

"Six months in the county jail for each of you," commented Police Judge Austin on Tuesday morning at the end of the cases of William Windsor, 20, 419 Thirteenth st.; Arnold Schupp, 21, 623 Navarre ave.; Ed Cosgrove, 20, 1537 Ontario st.; Carl Blume, 21, 333 Tenth st., and Guy Graham, 23, Ash st. Graham also was fined \$500. All of the men were found guilty of having "dope" in their possession.

Windsor, Schupp, Cosgrove and Blume were arrested by Detectives Martin and Connors and State Inspector Oylor near the interurban station on Monday night. Officers said they found a large amount of "dope" and instruments used to administer the drugs in the boys' possession.

Inspector Oylor and Deputy Sheriff Potter arrested Graham in his room on Ash st. They said Graham also had much "dope."

HAVE OPIUM OUTFIT; ARE SENT TO WORKS

Joseph Wilczenski, 28, negro, and his wife, Florence, aged 24, were found guilty of having an opium outfit in their possession by Police Judge Austin on Friday. Wilczenski was sentenced to two months in the workhouse and his wife to 30 days. Detective Harris arrested the couple on Thursday night.

KAPP PLANS TO CUT OUT DRESS PARADE CLOTHES

Safety Director Kapp is considering changing the uniforms of Toledo policemen and firemen to a uniform olive drab.

Kapp hopes to eliminate several suits of clothes now being kept up by members of the departments and so save the men annually no little sum. The men have to furnish their own uniforms, and keep three complete outfits in the police department.

"I believe I can arrange it so that one outfit will be sufficient, and in quantities I have an idea," he said on Friday, "that I can get them for \$12 a suit. That would save the men a dozen dollars right there. I have not decided definitely, but I think it will work out all right."

Mayor Keller has a number of khaki garments in his office as samples. He proposes to "cut out" the white collars for firemen, providing a comfortable olive drab coat, that will button down the front, with a soft collar of the same material. He does not believe in "dress parade" firemen.

PROWLER WORKS IN FORD HOME

Police were searching on Friday for a second-story man who climbed a porch post, broke a window, entered the home of Edward Ford, 2205 Collingwood ave., and stole about \$300 of jewelry on Thursday night. Motorcops Schultz and Henahan were unable to find any trace of the thief.

KAPP TO ORDER TREATMENT OF HIS ASSOCIATES

All policemen and firemen are to be vaccinated. Safety Director Kapp said on Saturday that he intended to issue such a general order at once.

The safety director purchased outfits for the fumigation of all city fire houses, the police stations, workhouse and of all of the attaches, employes and prisoners.

If charges against the health board and health officer are to be made legally, they must be made first to the mayor, who may, if he deems them of merit, file them with council, asking a court of inquiry.

Because the League of American Freedom failed to do this, filing its charges of incompetency with city council, the hearing on them fizzled out Friday night. The meeting adjourned in five minutes. The mayor is absent and no new charges were filed with him on Saturday.

All of the county jail prisoners were vaccinated on Saturday.

To supply milk to homes under quarantine, the Ohio Dairy is now delivering milk in special receptacles that may be destroyed after using. Special drivers will make the deliveries. They will not come in contact with the regular men.

KILLS HIS WIFE; TRIES SUICIDE

Innocent Victim Wonders Where Parents Are

"Isn't it funny, auntie," said little 6-year-old Wilson Sullivan when awakened on Saturday morning by his father's aunt, "I was dreaming last night and something or other seemed to wake me up and I heard a bang that sounded just like a revolver had been shot off."

Mrs. Pelo, the aunt, didn't answer.

The truth as to what happened when the boy's father, William Sullivan, 30, shot and fatally wounded his wife, Mary, 30, at 10:30 Friday night in their apartments in the Ohler flats, 612 Sixth st., and then attempted suicide, was not told the child.

SEEKS HIS PARENTS.

"Where are mamma and papa?" inquired Wilson this morning. Halted when he attempted to see his parents, the boy wanted to know the reason. Finally finding words, "Auntie" told him that his mother had met with an accident and had been taken to the hospital.

Wilson was soon playing games with his aunt and his parents were forgotten for the time being.

According to reports on Saturday from St. Vincent's hospital, Sullivan has a chance to recover.

Shortly after Mr. and Mrs. Archie B. Bower, 1411 Kelsey ave., had left the Sullivan apartments and Mrs. George Pelo, 50, an aunt, visiting the Sullivans had gone to bed on Friday night, five shots were heard from the front room of the

flat where Mrs. Pelo supposed Mr. and Mrs. Sullivan had retired.

ORDERS AUNT AWAY.

Hearing Mrs. Sullivan's screams, Mrs. Pelo ran to the front of the house where she met Sullivan carrying a smoking revolver. "Get out of here, aunty," ordered Sullivan as he passed her in the hall and disappeared.

Several pedestrians, attracted by the shots, were about to look for Sullivan when he returned and dashed into the bathroom, locking the door behind him. He then drank carbolic acid and slashed his throat and his left arm.

Lieut. Schrader, Sergt. Schlagheck and Patrolman Buck broke down the bathroom door and found Sullivan unconscious.

Sullivan was the captain of the steamer Pendennis White, now in port at Duluth, where he left it in December. They moved to Toledo on Jan. 9.

THE *City* Today

Motorcyclist Paul Wiesenbergs, 701 Belmont, was recovering on Saturday from bruises received when his machine slipped and threw him to the pavement at Glenwood and Monroe, late on Friday

LAUGHS; IS ARRESTED

William Walden, 26, barber, of Toledo, was bound over to the grand jury by Judge Austin on Saturday morning. Walden was charged with stealing a trunk. He was brought to Toledo from Cincinnati on Friday by Detective L. B. Tracy. Cincinnati officers identified Walden by a gold tooth which showed when he laughed.

SUSPECT SEVEN OF ATTEMPT TO PROWL

Seven men were being held at police headquarters on Saturday morning on suspicion of having taken part in an attempted robbery

of Surtman Bros.' store, St. Clair and Orange sts., on Friday night.

Patrolmen Coffey and Ringman heard a crash of glass at Surtmans' store. They saw two men run from the place. The officers chased the men down Jackson st. to the river bank, where the robbers escaped in the darkness.

GUARD SULLIVAN TO PREVENT HIS KILLING HIMSELF

With a policeman on guard to prevent him from committing suicide, William Sullivan, lake captain, who on Friday night killed his wife, was on Monday slowly recovering at St. Vincent's hospital from the effects of a razor slash in the throat and a dose of carbolic acid, swallowed immediately after the shooting. Hospital attendants on Monday said he would recover.

The police guard has been told to keep close watch now that Coroner Henzler has returned a verdict of murder against Sullivan.

The body of the murdered wife has been shipped to Fair Grove, Mich., her former home, for burial.

THIS IS QUITE A COP MESS

Cabbage, Peas, Succotash and Tamales in Court

With Sauer Cabbage, 23, of all over, in the "cooler" at central station, police on Tuesday were looking for "Succotash" and "Hot Tamale," two Market space characters who, it was thought, could give them some information about

a copper steam table, which Patrolman Mosher found in possession of the man with the vegetable name near Beacon st.

Patrolman Mosher says Cabbage acted as though he was either stewed or corned from the way he "limped" when arrested.

Cabbage is anything but a vegetarian, as Trusty Jack Peas found out when he passed him his breakfast. He boiled up and demanded a steak. Potatoes "au naturel" were given him with a pint of coffee.

HOME IS LOOTED BY YOUTHFUL VANDALS

Police and juvenile officers on Monday were looking for two boys who, it is alleged, with another boy, looted the residence of T. B. Allen, 3152 Collingwood ave., on Sunday afternoon.

One boy was caught by Patrolman Paul Wisenberger on Sunday afternoon and sent to the county jail. The three boys gained entrance to the house by a cellar door and crawled through a hot air register into the living rooms. Brass fixtures, chandeliers, brass door plates, water meters, two shotguns and fruit jars were taken. Suit cases were cut open and rifled.

ONE-ARMED MERCHANT IS BEATEN AND ROBBED IN DOWN-TOWN STORE

After combing the city for hours for the two men who assaulted and robbed W. C. Worrell, 66, proprietor of a cigar store, 903 Jefferson ave., early on Tuesday morning, police had been unable to find any trace of the pair early on Tuesday afternoon, though they had been furnished with a good description of the men by J. L. Plant, barber, 155 Michigan st., who called the police.

"Get the police, quick. Somebody has held up this old man," the two men told Plant as he rushed into the store in answer to Worrell's moans.

Plant started out of the store on the run to get the police. The two men dashed out of the store. One turned into Michigan st. and disappeared down the alley. The other ran west on Jefferson to Tenth st. and disappeared.

FRIEND IS DECEIVED.

Realizing he had been deceived, Plant ran to the corner of the Michigan st. alley, intending to follow the man who had disappeared. All trace of him was lost. Plant immediately phoned the police and then returned to the store to look after Worrell.

Worrell said he opened his store at 7:45. A few minutes later, he said, two men, one of whom has called at his store several times in the last three or four years, entered and asked for cigars.

When Worrell turned his back to make the change, he was hit on

the back of the head with a billy. He sank to the floor, unconscious.

Worrell's bank book, containing \$50, was lying on his desk. The robbers got that. They overlooked \$10 in a pocketbook on the desk and because of the interruption of Plant, did not touch the cash register.

Worrell has only one arm. He said the attack was so unexpected that he had no chance to fight.

RAILWAY COP'S BULLET VICTIM IS NEAR DEATH

Bob George, 29, 440 Main st., was reported by attendants at St. Vincent's hospital on Tuesday to be in a critical condition from four bullet wounds received late on Monday night, when Edward Roper, 58 Greenwood ave., Pere Marquette detective, mistook George for a prowler, and shot him.

Roper is being held at central police station on suspicion. He was arrested by Motorcop Kingsley and Patrolman Epker. Roper told the officers he had been asked by John Rehard, 24 Florence st., to guard the Rehard home that night. Roper said Rehard told him prowlers had been seen about the house.

Late in the evening, as Roper stepped out through the door, he saw George run around the corner of the house, he said. Roper said George shot at him, the bullet passing through his hat.
