the entry of the City to be paid to the County, to be paid by the city, and \$100 per year, to be paid by the county. The resolution was carried unanimously.

The verbal resignation of Oliver Bassett, tendered to the Lieutenant, was accepted.

A communication was received from the Secretary of the Tri-State Fair asking that six policemen be detailed to attend the races, from 3 o'clock to 6 p.m.

A resolution was introduced instructing the Lieutenant to make such a detail if he could spare them from the Force.

Mr. Milmine moved that the Board proceed to the election of a Chief of Police. Carried.

A lengthy petition signed by a number of business men, asking for the appointment of Capt. J. C. Purdy as Chief of Police, was read and ordered placed on file.

Mr. Cummings stated that the petition, he thought, represented over one-half of the business men of the City who formerly knew Capt. Purdy's reputation while acting as chief of police, and were anxious to see him in the position again. For his part he heartily endorsed the petition and most cordially placed the name of Capt. J. C. Purdy in nomination.

Mr. Milmine introduced the application of H. A. Brown for the position of chief, and as soon as it was read nominated H. E. Morse, of Cleveland.

Mr. Marx nominated Col. Faskins.

Mayor Romeis renominated the late Chief of Police, Capt. W. P. Scott.

Balloting then commenced and resulted as follows: Backus and Cummings for Purdy; Marx for Faskins; Milmine for Morse, and Romeis for Scott.

The second vote was the same, but on third ballot Mr. Marx changed from Faskins to Scott, making the score stand Purdy 2, Morse 1 and Scott 2. The fourth ballot was the same.

A motion made by Mr. Backus to take a recess for five minutes was carried.

During the recess a caucus was held in which all the members grew confidential, and in a very short space of time announced that they were ready to vote again. The first ballot resulted as follows: Backus and Cummings for Purdy; Marx, Milmine and Mayor Romeis for Morse.

Before the vote was announced Messrs. Backus and Cummings changed their votes from Purdy to Morse, making the latter's election unanimous.

The Health Officer presented a resolution declaring it necessary to have sewerages built in the district bounded by Washington, Jefferson, Fourteenth and Sixteenth streets, and the Board recommended the Common Council to order the same.

Adjourned.

"Who is Lieut. Morse?" This is a question that has been heard quite frequently since the possibility of his appointment as Chief of Toledo Police was first mentioned. Lieut. Morse was formerly a resident of Toledo, and the son of an old railroader long a resident here. He was in the army, and has been a member of the Cleveland Police force for a long period. As a drill master he is said to have few equals and as an organizer of men he is highly spoken of. He comes so highly recommended as to entitle him to fair consideration at the hands of those desirous of improvement in the police service here.

John R. Johnson, of the Toledo Journal, has been elected to the Board of Directors of the Toledo Chamber of Commerce, to be paid by the city.

John R. Johnson, of the Toledo Journal, has been elected to the Board of Directors of the Toledo Chamber of Commerce, to be paid by the city.

In the rear of the above was a large wax panel some eight feet high. The blue curtains adjoining the windows on either side of the above were interwoven and intertwined between their bushes in blue, with delicate forms and fine creeping vines, giving the whole the appearance of some fairy bower, among the recesses of which dwelt some white-winged angel of fairy land.

From a mirror in the room hung another emblematic horoscope of enormous proportions and beautiful appearance, while each of the three remaining corners of the room was set off with an artificially arranged pyramid of rare exotics and choice house plants, mostly in blossom.

NOTES ABOUT PEOPLE.

Mr. Ogle, of the Bryan Press, is in the City to-day talking turf and politics.

Sheriff T. C. Reid, of Wood County went home to Bowling Green, last evening, after a brief visit here on business.

Mr. John Reber, of Lancaster, O., the importer of the great "Bonnie Scotland," and the present owner of the growing famous "Hurrah," will look in on the races this week.

H. M. Wilhelm left last night for Santa Barbara, Cal., to accept a position on the United States Government Coast Survey. His many friends wish him abundant success in his new field.

Mr. Philip Scannell, brother of Mr. P. F. Scannell, recently delegate to the International Typographical Union at Toronto, Canada, from the New York Union, has just returned from Chicago, where he made a pleasant visit. Mr. Scannell has visited several of our large Western Cities since he left New York, and after close observation pronounces Toledo as the most lively one of any of them, with a position that must eventually make her one of the great cities of the world.

Samuel Crim, of San Francisco, Cal., is in the City, on a visit to his brother, L. S. Crim, the real estate dealer, and in a sort of a quiet way may be expected to "look in" upon the races for "a minute or two," during the week. Mr. Crim is one of the "49ers," who crossed the plains overland for California during the exciting days of that year, in search of gold. It is many years since he has visited either his brother Levi or Toledo, and he will find that time has wrought many changes here. The Cincinnati Commercial has this to say of Mr. Crim:

Mr. Crim is a Buckeye, and one who from his earliest years has been much interested in blooded stock. In 1852 he took across the plains, from the stables of Mr. John Reber, a large number of fine horses, which were the first taken to the Golden State. Mr. Crim and his partner, Mr. Joe Beach, were the first to offer to San Francisco people the attractions of a race course, and during many years were foremost in all matters of the turf on the Pacific Coast.

At the lowest calculation, 1,000 men are killed every day in America, which corresponds to the number of men killed throughout the world. The reader of the Journal learns how this class of men are killed, while coupling up trains, while others are the tops of cars by bridges, or are injured or killed in other ways. There must be at least ten brakemen injured as are the public knows nothing about.

At the lowest calculation, 1,000 men are killed every day in America, equivalent to 3,650 during the year, added to the number in ships while on duty, we get a total of deaths and injuries of 10,000 per year. These are frightful figures, a loss of life or injury that is attributable either to carelessness or negligence.

We therefore venture to say that it is a fact that the public know the number of accidents to various railroads throughout the country, every day, and it is also no exaggeration to say that the railroads, particularly on passenger trains, are more dangerous to men's lives intrusted to conductors and brakemen than to the freight men.

Indeed, the life of a freight conductor is a precarious one. Some in some parts of the country risk their lives on passenger trains more than on freight trains. Freight trains are insured by the railroad companies at 25 per centum. Railroad men about 25 per centum of freight trains die a natural death, the average life of the brakeman on the road, is about

Real Estate.

The following real estate was filed yesterday with the

Alvah H. Bingham to No. 413, 414, 415 and 416, John W. Westrup, and

HORN-DL BLADE.

WEDNESDAY EVENING, JUNE 22.

COLUMBUS, OHIO.

STREET GOSSIP.

The police report the City quiet.

A short session of Police Court was held this morning.

To-morrow has been termed "Maud S.'s" day at the races.

Capt. Morse is 31 years of age, fair to the eye, and unmarried.

Twelve horses are entered in the 2:33 class at the races to-morrow.

The graduating exercises of the High School take place next Friday.

Superintendent Schou has resigned his position in the Water Works office.

Milverstedt's band will give an open air concert, the second of the season this evening.

"Maud S." with a record of 2:10%, will give an exhibition trot at the races to-morrow.

Nine horses contest in the 2:33 race to-morrow. Among the number are some fast ones.

Don't neglect to see "Maud S." who has the best record of any horse on this or the Eastern continent.

The Sunday School of the Eleventh street Church will picnic at Frosne's lake, next Tuesday, June 28.

Fair, square races will be the commanding feature of the Spring meeting now being held on the race track.

Give "Maud S." the benefit of your presence at the races to-morrow. She will do some fine trotting for you.

"Maud S." appears on the track every day of the races, though given but one exhibition of speed.—*That to-morrow*.

Remember that "Maud S." the fastest trotter in the world, will give an exhibition of speed on the race track to-morrow.

Go to the races to-morrow and see "Maud S." the fastest "Trot" known to science, exhibit her wonderful speed.

Thousands of people will rush to the grounds of the Tri-State Fair Association

DRIVEN TO WIN.

Second Day of the Trotting Races.

Large Attendance--Increasing Interest--Fine Racing.

Maud S." To-morrow Exhibits Her Speed.

The races so far have proved to be a very gratifying success to the managers of the Tri-State Fair Association, and should the present pleasant weather continue there is but little doubt that the Fourth Annual June Trotting meeting will be as successful as any of its predecessors, if not a little more so.

The weather yesterday was a little cool, and had it been warmer better speed might have been attained. However, so long as it does not rain, those most particularly interested are not likely to complain on the score of weather. Owing to the lateness of the hour at which the races began yesterday, it was impossible to give anything but a synopsis of the heats. To-day they are given fuller.

Notwithstanding the laws passed by the recent legislature pool calling was carried on just the same as usual. Messrs. Brice & Armstrong did the calling, and they found plenty of persons who were willing to bet whenever they had an idea they were getting a good thing.

The judges of the race were Messrs. John Crampton, C. V. Curtis and F. J. Young. The entries for the

Three Mile Race were "Kate McCall," "Laura J.," "Maud S.," "Patsie Boy," "May Morning," "Lottie Temple" and "Lulu Jim." "Laura J." and "Patsie Boy" were drawn and only five horses started in the

SECOND RACE

"Lulu Jim" had the pole. "May Morning" went, "Kate McCall" third, "Lottie Temple" fourth, and "Maud S." second on the outside. "Kate McCall" was the favorite in this race and people said largely to her honor. Several others won their share

for him in the first race, but the other eight he came under the wire two to 2:30%. The

was another one left boy." He got in and kept it to the end, galloping past all the former heat then make it exciting.

THE RACE was the most hotly contested. "Abdallah Boy" got in before reaching the wire, he broke and fell but was going at a fair gallop. "Keeler" broke too, but without losing ground, keep in the lead until on the last turn "Keeler" took the lead. The "Boy" spurted and the two ran together, and it was which one was ahead. Under the wire "Abdallah" was ahead and won the heat by half a length. T

SUMMA
Abdallah Boy, b. a. D. Giverville, O.....

Rizza, b. g. Oneonta, Ohio.

Time, 2:33% to 2:30%
"Abdallah Boy," the race, made his best time year. He is a neat little gelding that promises well in the future.

From one of the owners of the track yesterday, a bill was introduced in the legislature against "Abdallah Boy." The horse is 15 years old, trotted four miles and then any horse that was yesterday. He is an honest horse on the whole, driving his master pretty well at any of the races he has always driven by his master, of Seneca Falls.

From the same source that "Abdallah Boy" was selected from the most valuable horses in the country, five years ago, has removed him to the for probably two years to the saturated pasture owned by our friends and is an ideal horse. Recently the
