

you none will be admitted but those who receive special invitation by card. The Sisters are making strenuous efforts to have their new Hall finished in time for the commencement of the next school term, when they intend to give a grand concert, by way of dedicating the hall to the purposes of music and education.

**MEETING OF POLICE BOARD.**—The Police Board held a regular session yesterday afternoon at which were presented monthly reports from the Captain and Secretary. Patrolman BOLLI was dismissed for having conched his resignation in disrespectful language. It was decided to appoint a special Patrolman to serve in case of absence or sickness of a regular patrolman. C. H. HANMER and EDWARD DWIRE applied for positions as patrolmen. A difficulty between Sergeant HORAN and Patrolman VETTER was referred to the committee on discipline.

When the Board reached some charges which had been preferred against Captain SCOTT, Mr. PAUL JONES offered the following:

*Resolved.* That the resolution admitting reporters of the Daily and Weekly papers to the sessions of the Board, passed June 7th, be and the same is hereby rescinded.

*Resolved.* That hereafter, at all meetings of the Board, spectators be excluded from the room, unless admitted by the consent of a majority of the Board.

The vote on the adoption of these resolutions stood as follows: Ayes—Messrs. P. Jones, Hanmer, Leddy, Stetter and Meyer. Nays—Mayor Jones, and Messrs. Backus, Murray, and McGrath. So the "Star Chamber" was re-insaugurated.

Mr. BACKUS offered the following:

**WHEREAS,** Wm. P. Scott, Captain of Police, was absent from duty from the 25th of June to the 1st of July, without leave and in violation of rule; and

**WHEREAS,** The Board consider it as disrespectful and contrary to the rules of the service; therefore

*Resolved.* That the said Wm. P. Scott, Captain of Police, be dismissed.

Messrs. Backus, McGrath, Leddy, Murray and Mayor Jones voted in the affirmative, and Messrs. Paul Jones, Stetter, Hanmer and Meyer in the negative. Sergeant Horan was ordered to act as Chief of Police until the session of Capt. Scott's successor. Sergeant Stetter to act as First Sergeant, and Patrolman W. I. Hill was detailed to act as Sergeant. John Taylor was appointed by resolution as a special policeman.

wire in 2:35, being the best time made during the day. Denmark was second, Gen. Howard third, John Fero fourth and Indiana fifth. Though Howard's place was third at the send off in the next heat, he got the advantage of Dingman, Indiana and Fero, and kept well up while Denmark took the dust of all. Dingman made bad work in the third quarter, and entered the home stretch fourth. As the distance shortened Fero made a splendid dash for the lead, but the General kept his eye on that point and won a star to his name, the time being 2:36. Fero was second, Indiana third, West-Dingham fourth, Denmark fifth. This result of the third heat bothered the pool buyers, but Ind was the favorite. At the first turn in the fourth heat the General and Dingman were half and half, with Fero close upon them, and Indiana next. Fero made a dashing effort on entering the homestretch, but Dingman and the General got away from him, the former having the best of it and passing the stand in 2:40, with the General's nose rubbing his neck. This homestretch dash in this heat was the finest of all. It was now expected that the fifth heat would decide the race as the success of either Eingham or the General was all that was necessary. Dingman now became so strong in the pools that there was some suspicion that the General might be "pulled," but the judges ordered no change of drivers and gave the horses the word. Dingman having the advantage of more than a length at the start, the General pushed him pluckily, but the home stretch and turning the home stretch did him very well and went under the wire neck and neck with Dingman, Denmark being third, Fero fourth and Indiana fifth. There was much excitement over the evenness of the contest, and backers of the respective leaders began to make decisions for the judges, but the latter shrewdly cooled the ardor of all by making the race a draw. Not having won the race in the first, Indiana, Fero and Denmark were ruled out of the race, leaving the track to the General and Dingman. An even start was made without delay, and the rivals made a splendid neck and neck trot. In the home stretch it was hard to tell which had the advantage, but Dingman finally staid a full shoulder to the front, and closed the race in 2:40 1/4.

**SUMMARY.**

TOLDO, July 5.—Spring Meeting of the

Samuel P. Duffield, the chemist as follows:  
 Analysis of the water of Spring, at Adrian, by the professor of Chemistry, Dr. Duffield:

The medical properties of very powerful, especially rheumatism, indigestion, female irregularities, &c., is used externally in the form of a liniment, and also internally as a drink. The temperature is about 50° Fahre can be taken at any temperature faucets in each bath supply cold and hot water "ad libitum." It cannot fail that the management of Mrs. Jos. P. ducts the "Mineral Spring" is comfortable and desirable style, excellent beds and a richly large number of invalids will in order to recruit their health are moderate. The exceeded streets of the city of Adrian with fine and tasteful residences of lovely gardens, the place with already large grounds and opportunities for walks make this place very attractive. In fact, to take notice of this city would give a very high opinion of the place and its people. Thinking that many of those who are in the place of health, and their health at a loss, more facilities for watering places, I have these lines. I shall be a small portion of you of themselves of this place. With best regards, yours,

..... T. M. C. A.—An of the M. C. A. will be held in the Ad Friday evening, at eight o'clock. Important business will be transacted, and a full attendance solicited.

1874.

Mayor—William W. Jones.

Clerk—George W. Merrill.

By act of the Legislature, passed in March, 1874, the City Council was constituted of two branches—a Board of Aldermen and a Board of Councilmen—the former consisting of one, and the latter of two members from each Ward. The first election under this arrangement took place in April, with the following results:

Aldermen—Ward 1. Fred. B. Dodge; 2. James H. Maples; 3. Francis J. King; 4. R. J. Wallace; 5. Daniel Segur; 6. Erle Hamilton; 7. Jacob Romeis; 8. Patrick Owens.

Councilmen—Ward 1. B. B. Barney, J. E. Bailey; 2. George Stetter, J. F. Kumler; 3. Charles B. Roff, R. H. Bell; 4. Jerome B. Thomas, Geo. Meissner; 5. Pat. Garry, Jerome Anton; 6. Fred. Jaeger, I. K. Seaman; 7. Joseph Kininger, J. L. Stratton; 8. H. T. Wells, Wm. H. Dyer.

City Solicitor—Frank H. Hurd.

Street Commissioner—Michael Geelan.

City Auditor—Otho Klemm.

City Civil Engineer—H. C. Thatcher.

Sidewalk Inspector—John R. Bond.

Superintendent Infirmary—Harry Chase.

Harbor Master—Calvin Herrick.

Chief Fire Engineer—Chris. Woehler.

First Asst. Engineer—John G. Paine.

Second Asst. Engineer—Chas. P. Barnum.

1875.

Mayor—Guido Marx.

Clerk—Geo. W. Merrill.

Aldermen—Ward 1. F. B. Dodge; 2. Horatio E. Bangs; 3. F. J. King; 4. R. J. Wallace; 5. Daniel Segur; 6. Erle Hamilton; 7. Jacob Romeis; 8. Pat. Owens.

Councilmen—Ward 1. J. E. Bailey, B. B. Barney; 2. Geo. Stetter, J. F. Kumler; 3. W. T. Ridenour, C. B. Roff; 4. James Russell, J. B. Thomas; 5. A. Pilliod, Pat. Garry; 6. James W. Howe, Fred. Jaeger; 7. Joseph Kininger, J. L. Stratton; 8. M. M. Goulden, H. T. Wells.

City Auditor—Otho Klemm.

City Solicitor—J. Kent Hamilton.

City Civil Engineer—H. C. Thatcher.

condition." Cyrus D. Hanks having resigned as County Auditor, Chas. R. Dennett was appointed to the vacancy, receiving two votes, to one for Cyrus H. Coy.

At the September session, 1859, the policy of ditching lands under the laws of the State was introduced, in the approval of the plan and survey of "Ditch or Water Course No. 1." It was located in Washington and Port Lawrence Townships, "commencing at the Creek which runs through the E.  $\frac{1}{2}$  S. E.  $\frac{1}{4}$  Sec. 23; thence Southerly across the same on the line between Secs. 25 and 26, so far as the same was necessary." The survey and plan were made by W. H. Harris, County Surveyor. Ditch No. 2 was approved. It ran from the Air Line Railroad, where the same crosses the center line of Section 7, Town 3, U. S. R. South, along such line to Swan Creek. Ditch No. 3 was in Waynesfield Township.

At the same session allowances were made for assessing real property, as follows: Maumee City—Samuel M. Young, \$98.00; Oregon Township—Peter B. Porter, \$86.00; Toledo—Declan Allen, \$392.55; Wm. Carew, \$280.00; Michael Callaghan, \$260.00; Patrick Gavin, \$252.00; Patrick Horan, \$64.00; Joseph Delaney, \$54.00. Total for Toledo, \$1,102.55.

At the December session, 1859, the Commissioners visited the Jail, which they found "in as good condition as the unsound physical qualities of the building and moral state of the inmates would permit."

At the March session, 1860, the Commissioners accepted the proposition of the Maumee City Plank Road Company to relinquish and transfer to the County its Plank Road, extending from Maumee City to Swanton. The President of the Company was Wm. P. Homer, and its Secretary Edward Mitchell. A former order of the Board, authorizing the County Auditor to hire persons "to bring in wood and pay for the same out of the County funds," was revoked. The proposition of the Toledo and Woodville Plank Road Company to turn over its Road to the County, was accepted.

At June session, 1860, Ditch No. 5, in Monclova; No. 9, in Oregon; and No. 10, in Sylva, were authorized.

At the December session, 1860, a petition was presented from a majority of the voters in the Township of Carey, setting forth that the name of the same had been "conferred without consulting the wishes of the people, and that it was repugnant to their feelings and wishes; and that the same was and had been very unsatisfactory; and they therefore asked to have it revoked." The Commissioners being satisfied with the reasons assigned, made an order accordingly, giving the Township the name of Adams, which it yet bears.

At the March session, 1861, the salary of the Probate Judge was fixed at \$400 per year. George W. Reynolds was awarded a contract

for building a bridge over the Canal at Manhattan, at \$120. The first definite provision for the incurably insane in the County was made at this session. For the reason that it was "inhuman and brutal, to continue to keep such where they were" (in the County Jail), it was decided "to erect a suitable building at the Infirmary Farm," the same to be 30x40 feet in size, and 12 feet high. The contract was subsequently awarded to J. Farrell and George Wilson, at \$1,058.

At the June session, 1861, the Board, having "levied a tax for the support of the families of those that volunteered to fight for the maintenance of the Constitution and Government," directed that the sum of \$2,000 be transferred to the Volunteer Relief Fund, the same to be paid to needy families of Soldiers under direction of the Board. The result of a vote in the County on the question of erecting a new Jail had been a majority of 1,099 in the affirmative; but in consideration of the War then in progress, steps in that connection were deferred.

In October, S. A. Raymond was authorized to go to Columbus, to procure the requisite permits and information for a member of the Board to visit the different Regiments having Volunteers from Lucas County, for the purpose of securing assignments of portions of their wages, for the benefit of their families.

At the June session, 1863, bids for the building of a new Jail and Dwelling-house, were considered, and the contract was awarded to William C. Hoffman, at \$31,500, and C. C. Miller was appointed Superintending Architect, with compensation at the rate of 4 per cent. on the expenditure for the work. Subsequently the contractor concluded not to proceed with the work, when proposals were again invited, the lowest bid being that of David J. Silver, at \$58,000; whereupon, it was resolved not then to proceed with the work. On application therefor by residents of the North half of Section 25, Town 2, U. S. R., that territory was set off from Waynesfield, and attached to Adams Township. At this time there had been constructed 335 County Roads, and 44 Ditches, under direction of the Commissioners.

At December session, 1863, application was made to the Board by M. R. Waite and others, a Committee of citizens of the County, for the passage of a resolution agreeing to levy a tax and reimburse to individuals moneys that should by them be contributed to pay bounties to Volunteers enlisting under the President's call for troops, the bounty not to exceed \$50 in each case. Such action was declined, for lack of authority by the Board; but it was resolved to do so when so authorized by the Legislature.

At March session, 1864, several Townships having deposited in the County Treasury sums of money for payment of Volunteers in the Army, the Commissioners authorized the Treas-
