Law Enforcement Code Of Ethics

As a Law Enforcement Officer, my fundamental duty is to service mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others.

Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided in me in my official capacity will be kept secret unless the revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions.

With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

**Chief of Police
William Moton**

**Acting Chief of Police
George Kral**

December 26, 2014

To the citizens of Toledo,

I am proud to present the 2014 Toledo Police Annual Report. 2014 was a year of transition for our police department. For the first time in our history a lieutenant was named Chief of Police.

On January 2, 2014, Lieutenant William Moton was handed the Chief's badge by Mayor D. Michael Collins. Even though Chief Moton's tenure was short, his legacy will persevere. Chief Moton's quiet mannerism and respectful demeanor commanded admiration. He truly was a respected man, chief of police, and leader.

Chief Moton retired in late December 2014, and I was afforded the opportunity I have dreamt of for more than two decades. On January 5, 2015, I was sworn in as Toledo's 40th chief of police. I began my career in the Toledo Police Department almost 25 years ago and have truly been blessed in the various assignments I have served in. I have worked in the Operations Division, Investigative Services, Internal Affairs, Planning and Research, and the Records Bureau. The variety of assignments and commands I have been a part of have prepared me for this challenge.

There are many things I plan to concentrate on while serving as chief of police. I will continue to advance the department technologically, using real-time data to help in the decision making process. I will get officers out of their cars as often as possible and into the neighborhoods. I will work tirelessly to reduce crime and the fear of victimization for ALL Toledoans.

I will engage the community often. Building upon trust between the citizens and its police department is critical for a safe, stable, and prosperous community.

Finally, and arguably the most critical responsibility of my new position, is to provide the men and women of the department the tools they need to be successful. The employees of the Toledo Police Department are the best and brightest. They tirelessly serve the citizens of Toledo, day-in and day-out, while never asking for anything in return. It truly is an honor to lead such a high caliber of people. This honor I will never sully.

I look forward to serving as chief of police for many years, and promise to the citizens of Toledo and the men and women at TPD, that I will always be active, engaged, and their strongest supporter!

The Unit Identification System is a geographical document that depicts the location of the 8 sectors and 16 beats within the city of Toledo.

DISTRICTS: An area whose boundary represents the span of control of a district station and its corresponding dispatch talk-group. There are two districts in the city of Toledo.

SECTORS: Geographical areas contained within districts. Sectors are generally divided by natural barriers, such as the Maumee River, the expressway system or the rail lines. There are eight sectors in the city.

BEATS: Areas contained within sectors, and are used for assigning units to a specific area within a sector. Each sector contains two beats, and there are a total of 16 beats on the map.

UNITS: Police officer(s) assigned to a particular beat. They may be bike, foot, harbor or mounted patrol, motorcycle or vehicle units, etc.

The Central District includes sectors 1, 2, 3 and 4 and the Scott Park District includes sectors 5, 6, 7 and 8.

2014 In Review

Toledo Police officers had more than criminals to fight in 2014. Toledo had its worst winter in recorded history. The Weather Channel pitted cities with populations of at least 100,000 against each other and Toledo was the “winter misery champ” because of its record-breaking snowfall and significant cold throughout the season. Toledo experienced our snowiest winter ever, with a record breaking snowfall of 84.8 inches. The average annual snowfall is usually 37.8 inches, and the previous record snowfall was recorded in the winter of the great snowstorm, 1978-79, at 73.1 inches. Along with the snow, crews battled relentless cold. Five daily record low temperatures were broken and three others were tied, with a daily temperature 9.5 degrees below normal . . . before factoring in wind chill. Our officers managed to maintain their high level of service to this community despite the harsh hand of mother nature.

On Sunday, January 26, 2014, Private Stephen Machcinski and Private James Dickman, of Engine 3-C, died in the line of duty at an apartment fire at 528 Magnolia. With a report of occupants still in the building, Privates Machcinski and Dickman died while advancing a hose line and searching for those occupants. Members of the Toledo Police Department recognize these men as heroes and will forever remember their valiant and heroic efforts.

One of Mayor D. Michael Collins’ campaign promises was to reopen the Toledo Police Department’s Northwest District Station 100 days after taking office. Sergeant Edward Mack was tasked with the coordination of resources for the building’s reopening from January 2, 2014 through March 31, 2014. On Monday, March 31, 2014, it officially opened with a ribbon cutting ceremony, ahead of time and within budget. The renovated facility had been closed since June 29, 2012.

The Toledo Police Department partnered with the University of Toledo Police Department, the University of Toledo Medical Center, the Lucas County Coroner’s Office and Keep Toledo Lucas County Beautiful in an effort to combat prescription drug abuse. Collection boxes were placed at each of the three Toledo Police District Stations, and also at two locations at the University of Toledo. The collection process is anonymous. Unwanted prescriptions are collected and then taken to an incinerator for disposal. The boxes

provide a safe, convenient, and responsible option for getting rid of pharmaceuticals that are no longer needed. Proper disposal prevents the drugs from getting into the wrong hands, being used illegally, or contaminating landfills.

Seventy-five recruits arrived at the Toledo Police Academy on October 15, 2013,

and on April 17, 2014, 68 men and women took the oath and pinned badges on their uniforms as graduates. They are members of the 61st Police Academy, the largest police academy class to graduate since 1983.

Halloween day, members of the Toledo Police Department's SWAT team, dressed in superhero costumes, took Dr. Trickster into custody (shown on a prerecorded video). The SWAT team worked with Promedica staff for approximately a month developing a plan that, to children's delight, sent a dozen officers dressed in superhero costumes down the side of the Toledo Hospital. Boys and girls dressed in Halloween costumes were pressed against the windows waiting for the super heroes to appear. The SWAT officers involved were: Sgt. Bill Shaner as Spider-Man, and Officers Robert Orwig as Captain America, Scott Williamson as Superman, Scott Mills as the Green Lantern,

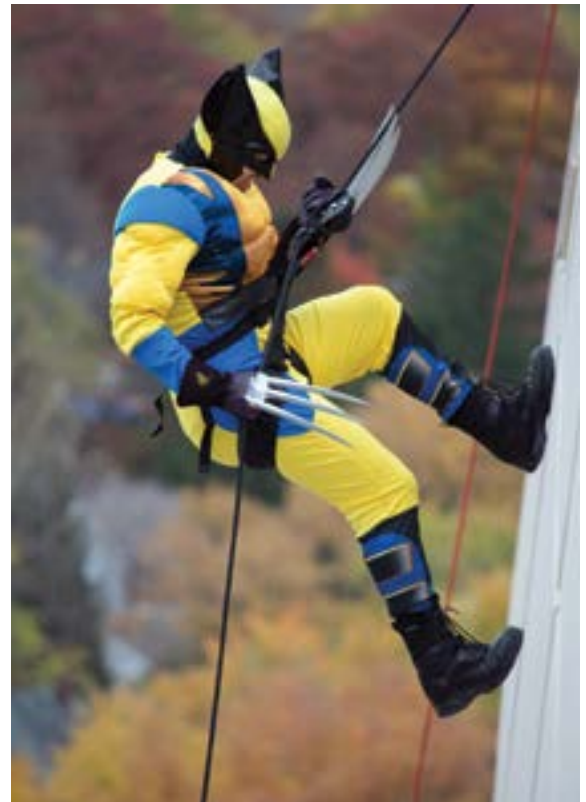

Matthew Slaman as Wolverine, Robert Kay as the Hulk, Gabe Greenwalt as Iron Man, John Winger as Thor, Kevin Dumas as Batman, and Kevan Toney, Justin Contreras, and Mitch Mielcarek as three of the Teenage Mutant Ninja Turtles.

A group of 25 Toledo citizens graduated from the Toledo Police Department's Citizens Police Academy on Wednesday, November 12, 2014. The ceremony was held at the Toledo Police Museum. The class met once a week for three hours over 10 weeks to learn about

police work. The purpose of the Toledo Citizens Police Academy is to enhance relations between the police and the community. It is designed to give members of the community an overview of what police work is really like. Participants receive training in subjects that vary from criminal law to the use of deadly force.
