

TOLEDO POLICE

ANNUAL REPORT 1985

"The Guardian"

TOLEDO, OHIO

ABOUT THE COVER...

The front cover of this year's Annual Report displays a photo of "The Guardian". This statue was created in 1982 from an original Toledo Police Division photograph of an early 20th century officer doing a school traffic detail. This statue is located in the Toledo Police Memorial Gardens and is dedicated to all TPD officers, PAST, PRESENT, and FUTURE.

Toledo, dynamic and on the move—expanding its horizons, projecting its image, and reaching for greater heights than ever before.

Downtown development started at Seagate with twin office towers and expanded to include the Portside Festival Marketplace, new office buildings, the Hotel Sofitel, and now under construction, the Convention Center and the Radisson Hotel Complex. Promenade Park has become a focal point not only for the downtown area but for the entire community. A few blocks away, the new Government Center houses City, County and State offices.

Revitalization, growth, and cooperation extends beyond the downtown area to nearby neighborhoods including the Warren-Sherman Industrial Park and the Bancroft-Franklin Plaza.

Bricks and mortar do not tell the whole story of progress in Toledo. Enthusiasm, pride and belief in the future have been created by concerned and involved citizens. "*Toledo Alive*" has become more than a popular slogan, it's the Spirit of a New City.

TOLEDO *Alive*

JOHN MASON
Chief of Police
LEADS OH0480700

January 31, 1985

Mr. C.E. Riser
City Manager
City of Toledo, Ohio

Subject: 1985 Annual Report

Dear Mr. Riser,

Once again I am pleased to submit to your office the Toledo Police Division Annual Report for 1985.

1985 has been another year of positive growth and expansion for our Division despite some of the financial problems encountered by the city earlier in the year.

The most notable occurrence was the 4.5% decline in the overall crime rate as compared to the previous year. All property crimes such as burglary and theft declined and personal offenses such as murder and robbery were significantly lower also. Of greater importance than the percentage of decrease is the fact that 1985 was the third consecutive year in which the crime rate has declined.

Information management was aided greatly with the implementation of the Consolidated Records System. The design flexibility of this computerized records keeping system will enable the Division to access data never before available and in formats that will meet individual needs or problems.

The addition of 25 officers to the authorized strength and the continued hiring to replace lost personnel has allowed the Division to maintain a high quality of service to our citizens and to expand some community policing alternatives. One expansion of which I am extremely proud was the reinstatement of a nine officer Mounted Patrol Unit. At this time, the unit continues their training and you can expect to see them on the street the first of March. This unique concept coincides with the resurgence of interest in our revitalized central business district and the expanding use of the city parks. The strengths of this project, visibility and mobility, are the necessary combination of attributes to more effectively police these areas within our city.

As all of our citizens are concerned with the quality of life and the aesthetic appearance of Toledo, City Council provided the Division with the necessary nuisance abatement legislation to allow us to more easily remove junk and abandoned vehicles from public and private property. Since this legislation was enacted earlier this year, the Division has removed 492 unsightly vehicles from private property alone.

With community involvement a priority in helping us reduce crime, many of the programs started in 1984 are achieving much success in reaching additional citizens. In the past year, the Block Watch program involvement grew by 25% and our school related programs more than tripled in participation. I am also pleased to inform you that the Division reinstated the Adult Community Interest Program which had been eliminated because of manpower problems. This program is held in conjunction with the Safe-T-City program and gives the parents of the children attending an opportunity to meet and discuss the role of the police division within the community.

Over the past five years, the Division has experienced many changes in policy, procedure, technology, equipment, etc. As a result, the day to day working conditions of police division personnel has equally changed. I would like to take this opportunity to extend my appreciation to the employees of the Police Division for their versatility and vitality in coping with these changes. Throughout these years they have continued to provide excellent service to the public.

And further, on behalf of the Toledo Police Division, I wish to thank you, your staff, members of City Council and the citizens of Toledo for their cooperation and support given to our Division in 1985.

Sincerely,

A handwritten signature in cursive script that reads "John Mason". The signature is written in black ink and is positioned above the printed name and title.

John Mason
Chief of Police

JM:wm

cc: Ray Norris, Safety Director

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception; the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all persons to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendship to influence my decisions, with no compromise for crime and with relentless prosecution of criminals. I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities. I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the Police Service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession – Law Enforcement.

TOLEDO CITY GOVERNMENT

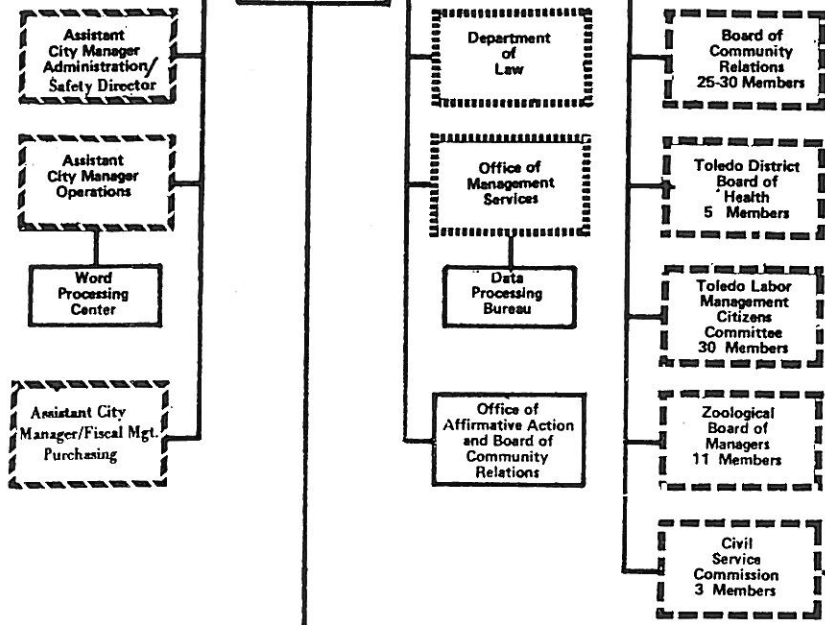

TOLEDO, OHIO'S FOURTH LARGEST CITY, IS THE SEAT OF LUCAS COUNTY. IT IS LOCATED ON THE WESTERN SHORE OF LAKE ERIE AND IS THE MAJOR TRADING CENTER FOR NORTHWESTERN OHIO AND SOUTHEASTERN MICHIGAN. IT'S 354,000 RESIDENTS LIVE IN AN 86 SQUARE MILE AREA. TOLEDO, THE "GLASS CAPITAL OF THE WORLD" IS ONE OF THE NATION'S MOST IMPORTANT DISTRIBUTION CENTERS.

TOLEDO IS GOVERNED BY A NINE-MEMBER COUNCIL, ELECTED AT LARGE, LED BY THE MAYOR, ELECTED DIRECTLY BY THE PEOPLE. THE CITY MANAGER IS THE ADMINISTRATIVE HEAD OF CITY GOVERNMENT AND DISCHARGES COUNCIL'S DIRECTIVES.

THE TOLEDO POLICE DIVISION IS HEADED BY THE CHIEF OF POLICE AND IS UNDER THE ADMINISTRATIVE CONTROL OF THE DIRECTOR OF PUBLIC SAFETY. THE DIVISION MOTTO IS:

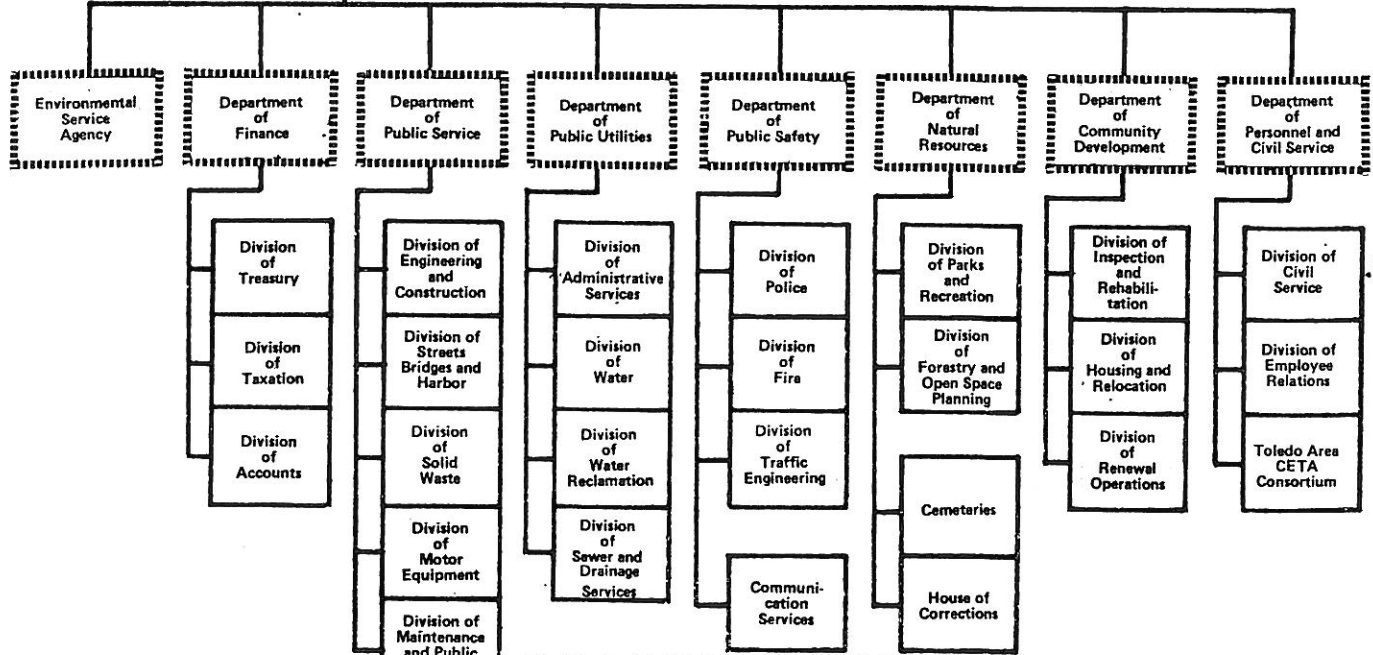

"TO PROTECT AND TO SERVE"

CITY OF TOLEDO, OHIO

ITEMS OF INTEREST

HISTORY OF THE TOLEDO POLICE DIVISION

1836

The City of Toledo was incorporated by an act of the State Legislature.

1837

The first City Charter is written. Calvin Comstock was appointed as the first City Marshall. Prior to that, justice was administered by the Justice of the Peace and his constables.

1840-1850

The population of the city rose to 3,827 people from 1,220.

1852

A volunteer police force was authorized by the City Council with the same police powers as the City Marshall.

1853

By Council Resolution, the "night watch" was initiated with a watchman for each of the four wards to patrol only during the night. The mayor had the right to appoint and regulate as he deemed necessary, with the advice of Council. The City Marshall was designated as the Captain of the Night Watch.

1865

The City Marshall was made a part of the Police Board. City Council Resolution stated, "If the Police Board shall deem it necessary at anytime, they may detail one or more of the police of the city to serve as Day Policeman." This was the first time authorization had been given for a daytime police officer.

1866

Because of the increase of Toledo's population (20,000), Toledo advanced to a City of the First Class in grade, and was invested with a local municipal government, including a Metropolitan Police Force. The Clerk of Council was instructed to begin paying salaries to police officers. Prior to this, any pay which the police had collected was through private contributions. Needless to say, those who contributed the most were used to getting the most protection. Thus the City Marshall and the volunteer police force was deposed. Three Police Commissioners were selected. Henry Breed was named Captain (Chief) of Police, and thirteen police men were hired as well as a Sergeant and a Turnkey. At that time each Patrolman was paid \$720 per year. The total annual budget was \$21,980. This included equipment maintenance, all salaries, and the upkeep of the prisoners in the City Jail. Patrolmen were assigned to work fourteen hours on the Day shift, and ten hours on the night shift, seven days a week.

1867

The first Detective, Elijah Hanks, was officially appointed. The Chain Gang was abolished in Toledo and the first In-Service Training was offered. This training was the reading of the Dep.t Rules and Regulations. This was conducted at least once a week by the Captain.

1869

The first officer to be fired from the Toledo Police Force was one Henry Nellis, who was found sleeping on duty.

1871

Two Sanitary Policemen were appointed. Their duties consisted of fumigating homes where needed, and enforcing quarantines.

1874

By City Ordinance, the Title of Superintendent of Police was changed to Chief of Police. The work hours for the officers was shortened to approximately 12 hours for the day shift, and 10 for the night shift. The rank of Roundsman was established with the duty to go to to each District Beat and make sure that the assigned beatman was there, and to collect any information the beatman may have. This was the only means of communication between headquarters and the street officer.

1879

The limited use of photographs was initiated for criminal identifications.

1880

The first Metropolitan Police Board was instituted, with the local board members selected by the Governor. Subsequently, the members were elected by the public for four year terms.

The rank of Detective was permanently established by the Board of Police Commissioners. The City allowed for the appointment of a maximum of ten officers to the rank of Detective. William Scott became the first Chief of Police under the Metropolitan System.

1882

The City adopted the "Bertillion System" of measurements, as well as the "Scar and Mark" system for criminal identification. The Bertillion System involved the measuring of almost every part of the body, including the circumference of the head, the total span of the arms, etc. The scar and mark system involved the detailed listing of any scar or mark on the prisoner's body.

1883

The first patrol wagon (horse & buggy) was purchased to be used for the transportation of prisoners. Prior to this, all prisoners had to be walked to the station for booking. In the case of highly intoxicated persons, this often became a problem. One industrious officer solved this problem by borrowing a wheelbarrow for these situations.

1890

The City began to install over 100 Alarm Boxes in various neighborhoods through which the beat officer could be summoned.

1898

A police substation was opened at 612 Lagrange St. Prior to this, the only police station was located at 20 N. Superior St.

1899

The population increased (115,674) to the point where it now became necessary for an officer to be assigned to traffic duty. A man was assigned to the Summit & Cherry Street intersection.

1900

By this time, Toledo encompassed 28 square miles and employed 100 patrolmen, 11 command officers and three Detectives. The City had two prisoner wagons, one at each station.

1903

With the increased use of photographs, the Police Department established a Rouges Gallery, and began to do away with the Bertillion System of Identification.

1905

The use of fingerprinting was adopted for identification purposes.

1907

The City purchased it's first motorcycles for use by the officers. At first they were used only for emergency reasons. Reports indicated that two Detectives, assigned to nights, were dispatched to the scene of a burglary in progress on their motorcycles. After apprehending the burglars, they did not wish to waste time waiting on the horse and buggy wagon, so they drove the prisoners back to the station on the handlebars of their motorcycles at speeds up to 50 MPH.

1908

Whereas horses played a major role in police history elsewhere, Toledo did not adopt a mounted unit until now. It was the duty of each officer assigned to the Mounted Unit to care for his horse, including feeding, cleaning and grooming. The Mounted Police Squad lasted until 1928.

1911

The Police Department added a full Motorcycle Squad consisting of 20 men.

1919

The position of Turnkey was filled with a sworn police officer rather than a civilian. The first Police Woman was assigned with the duty of watching dancehalls and other places of public amusement, as well as handling certain cases involving women. The remainder of her time was spent on patrol.

1924

The Toledo Police Pistol Range was dedicated. The range was built by members of the Department and was reported to be one of the best in the country if not the World. It was estimated at the time to have been worth \$100,000 but the total construction cost was \$5.60 Most of the materials were donated, and the labor was performed by the officers themselves.

1925

The Police Department moved from the 80 year old structure on Superior St. to the newly built Safety Building at 525 N. Erie St., its current headquarters.

1926

The Woman's Bureau was formed. This Bureau handled cases of missing girls and women, and any other cases involving women. The women Sergeant was Margaret Slater who headed it for 29 years. In a history of the police department by Harold Towe, professor at the University of Toledo, he stated, "It must be said that the Women's Bureau has, from its inception, been an honest to goodness police unit, making it's own investigations, check-ups, and arrests. They have been Police Officers, not social workers."

Then Chief of Police, Harry Jennings, instituted the concept of probation in the courts by establishing the "Reclaiming and Probation Division" of the Department. Police Officers assigned, interviewed first offenders prior to court, and made a recommendation to the court. If the offender was released, the officer worked closely with him for approximately six months.

1928

The memorial monument to police officers killed in the line of duty was dedicated this year. It was said to be the only memorial in the country conceived of and built by police officers. It was regarded as a fine work of art and architecture.

1930

The Department installed radio communications. Two way radios were installed in all police vehicles. The Police Department began broadcasting on Station WRDQ.

1932

The first police school was instituted with private qualified citizens donating their time and expertise. The first class lasted eight weeks. The Identification Bureau opened nights. Previously, it had only functioned during the day shift.

1934

The establishment of a school for traffic violators took place. The judge now had the option to sentence violators to the school, conducted by police officers, to improve the violator's basic driving skills.

1937

The Crime Laboratory was established. Prior to this time, limited scientific and chemical analysis was done, but the facilities at the University of Toledo Laboratory were utilized.

The Juvenile Bureau was created, although somewhat limited in it's functions. Police began to expand their duties from apprehension to prevention. The entire concept of law enforcement, or police work, was changing.

The Accident Investigation Squad also began this year. In 1937 there were 900 auto accidents in the City of Toledo.

1938

The Toledo Police Academy was initiated and graduated it's first class.

1940

Nine policemen began flight training to become "Policemen of the Air", as soon as the department received it's first airplane.

McCarthy Stadium in Highland Park was dedicated to Officer John McCarthy who was killed in the line of duty. His name, as well as the other 21 officers killed before him, was commemorated on a plaque at the stadium.

1949

Radar was adopted by the department and was first used to trap unsuspecting speeders.

1952

A Police Library is begun under the guidance of Inspector Roth of the Police Academy.

1953

Due to a high injury rate, the two-wheel Motorcycle Squad was abolished.

1955

The City was given a retired U.S. Coast Guard boat to enforce the water laws in the Toledo Area. This was the beginning of the Harbor Patrol.

1958

The police work week was reduced from 48 to 44 hours. (It was not until 1960 that the 40 hour work week was implemented.)

1960

The uniform was altered when the TPD went to the white trimmed hat to get away from the "bread truck" driver lock. Also, the uniform began to sport a new look with the adoption of the new shoulder patch. This patch is the one still worn today.

1963

Due to major annexation in the metropolitan area, police patrol responsibility is now 76.8 square miles and the population is over 370,000 people. In less than two years, the City has grown over 19 square miles. The police budget — \$3.3million.

1964

Patrol Districts are reorganized from 17 basic beats to 20. In addition the Police Division has initiated an 8:00pm-4:00am "Selective Enforcement" shift to help supplement the the district patrol units.

The Police Auto Pound was discontinued and a private garage was authorized to take over the storage of vehicles in police custody.

1966

Portable "Walkie-Talkie" Radios were introduced to the TPD, with great success.

1970

Officer William Miscannon was fatally shot at the corner of Junction & Dorr St's, September 18.

1973

Carol Tipton became the first woman to graduate from the Toledo Police Academy with the rank of Patrolman. The use of one-man patrol cars was begun.

1974

For the first time, Toledo hired someone from outside of the Division ranks, Corrin J. McGrath, to become their Police Chief. Air conditioning was also placed into marked police vehicles for the first time in our history.

1976

The Scott Park District Police Station was opened and was the first new police facility for the police division since 1925.

1977

The Toledo Police Division closed the men's and women's jails, and began booking all prisoners at the newly built Lucas County Correction's Center. This ended an era which began in 1837 when the city jail was first opened.

1980

All Field Operations Bureau and Investigative Personnel were pulled out of the Scott Park District Station and the Division was once again totally centralized. The facility at Scott Park would then house the Community Relations and the Crime Prevention Sections.

1982

Due to severe fiscal problems, almost all civilian police employees are laid off. Many returned to their jobs later on in the year after the Police Division worked shoulder to shoulder with other city agencies to help pass an increase in the payroll income tax.

1984

Due to increased resources as a result of economic growth and increased municipal tax revenues, the TPD completed a total restoration of services to the public. Manpower was brought up to authorized strength of 725, the first time since 1978. The Toledo Police Academy graduated the largest class in its history—121.

Beat patrol officers return to the revitalized downtown area and in particular, Portside, the downtown Marketplace.

1985

City Council approves the hiring of 25 additional officers, raising the authorized strength to 750 officers, the most since the strength was reduced in 1977 to 725. The Division's records keeping responsibility was computerized. Redistricting took place doing away with the basic 22 districts and replacing it with a flexibeat system consisting of 7 primary sectors with numerous beats within each. The traditional 2 or 3 digit call numbers are replaced with a number-letter combination such as 3-D-14. Horses will once again be seen in downtown Toledo and the area parks as Chief Mason implements the Mounted Patrol. Two Sergeants and nine patrol officers were selected to undergo training at the Detroit Mounted Police Stables and will become active in March of 1986.

POLICE OLYMPICS SUMMARY

CINCINNATI, OHIO

1985

Once again over 30 of Toledo's finest were in competition for the gold during the 1985 State of Ohio Police Olympics held in Cincinnati. As a result of their major success, by our teams and the individual officers, the Toledo City Council recognized the participants for their many victories by issuing a proclamation which was read and presented to the team during a Council meeting. A copy is found on the following page. The Division wishes to extend congratulations to those that participated in these events as they bring credit both to our Division and our City.

RESOLUTION

The City of Toledo, Ohio

CONGRATULATING THE TOLEDO POLICE OLYMPIC
TEAM FOR ITS OUTSTANDING PERFORMANCE.

WHEREAS, the Toledo Police Division Olympic Team compiled a remarkable total of gold, silver, and bronze medals at the Ohio Police Olympic competition held in Cincinnati last month; and

WHEREAS, the accomplishments of these Toledo police officers have made them the envy of police departments throughout the state and have reflected great credit upon our city; and

WHEREAS, a gold medal was won by the volleyball team consisting of George Gerken, Mike Goetz, Steve Forrester, James Couch, Mark Tincher, Robert Beavers, Kermit Quinn, and Gary Burks; the swimming team won two gold medals for relays and member Robert Morrissey also won seven individual gold medals, George Gerken won four gold medals, Larry Knannlein won two silver medals, and Mike Goetz won two silver medals and teammate Mike Latcha won two gold and one silver medals; Larry Moreland won two gold medals and two silver and John Preston won one gold and one silver medal at tennis; and John Preston also won a bronze medal at track; **NOW, THEREFORE,**

Be it resolved by the Council of the City of Toledo:

SECTION 1. That this Council does hereby extend its congratulations to these members of the Toledo Police Division for his awesome display of athletic prowess and the enormous collection of medals won at the State Police Olympics.

SECTION 2. That the Clerk of Council be and he hereby is directed to spread this resolution upon the minutes of Council and to present a suitable copy thereof to the Toledo Police Olympic Team.

IN WITNESS WHEREOF,
I have hereunto set my hand and caused
the official Seal of the City of Toledo
to be affixed hereto this 30th day
of July, 1985.

Appointed: 10-1-65
Retired: 10-1-85*

POLICE ADMINISTRATION

ADMINISTRATIVE STAFF

ADMINISTRATIVE ASSISTANT

The Administrative Assistant to the Chief of Police has many responsibilities in representing the Office of the Chief. He represents the Chief at meetings and meets with neighborhood groups regarding specific problems in the community. He also screens citizen complaints that are directed to the Chief's office and responds to complaints and inquiries that come from other city agencies including the Mayor's Office, the City Manager's Office and from individual councilmen as well as council referrals. Other duties include functioning as the news media liaison officer, Chairman of the Award's and Safety Committees and coordination of the Outside Employment (Off-Duty) request of all sworn personnel.

CIVIL LIABILITY INVESTIGATION UNIT

This section provides a means of preparing complete and effective defenses in civil cases filed against the City of Toledo, its Officers and its employees. This investigative unit allows for the early and effective investigative involvement in tort liability matters, thus safeguarding and preserving information and evidence necessary in defending a lawsuit.

PLANNING/INSPECTIONS SECTION

This diverse section has dual responsibilities as its name implies. First is to develop the planning process that anticipates problems and suggests solutions to these problems. Planning suggests and develops plans that improve police services in furthering Division goals. They also review policies and procedures to ascertain suitability, determine weaknesses and devise improved methods, as well as formalizing written policies to guide employees in the effective administration of the Division. The second primary responsibility of Planning/Inspections is to conduct formal staff inspections to determine if Division policies, procedures and rules are being adhered to by all Division members. They also provide for the evaluation of systems and resources to make sure that they are being utilized to their maximum efficiency within the guidelines established by Division policy. When deviations are recognized, they then identify the causes and make recommendations to correct and improve. One final phase of this section is that of the Court Unit which serves as liaison to solve problems between the Division and the Municipal and Common Pleas Courts. This unit reviews all precepts to prevent duplication of testimony, attends pre-trials to assure that only the necessary officers are summoned and monitors the courtrooms to assist and supervise those officers appearing in court.

INTERNAL AFFAIRS UNIT

The Internal Affairs Unit investigates, coordinates and/or exercises staff supervision on behalf of the Chief of Police in regards to complaints against, or allegations of misconduct by members of the division. This unit also has the responsibility of presenting all evidence obtained during the investigation, particularly at disciplinary hearings, should they result.

STRESS PROGRAM

The Toledo Police Stress Unit assists police division employees and other city employees as well as their family members in resolving or attempting to resolve alcohol, emotional, marital or other

problems that may be contributing to or causing declining employee job performance. This unit works in conjunction with the City of Toledo Employee Services Program. In assessing problem situations with a client, the Stress Officer appropriately refers the individual to a suitable community resource for treatment. He also carefully screens, becomes familiar with, and maintains a working relationship with people working in many diverse community treatment programs in order to be able to make referrals. This unit is also responsible for developing training programs for the same target population, which address such areas as life style management, stress management, marriage strengthening, alcoholism and others.

FIELD OPERATIONS BUREAU

FIELD OPERATIONS BUREAU

PATROL SHIFTS

The uniformed patrol shifts are the nucleus of the Police Division. Through the assignment of four (4) shifts, they respond to all appropriate calls for service originated by the public, both crime related and service related. This section demands the greatest amount of personnel and the greatest amount of division resources. Fifty five percent of all personnel within the division, both civilian and sworn, are assigned to this extremely important function.

ADMINISTRATIVE STAFF

The Administrative Staff of the Field Operations Bureau performs all of the administrative functions associated with maintaining a 455 person work force. Included within these responsibilities are; maintenance of assignment sheets, uniform clothes accounting, clothing purchase authorization, equipment inspection, and many others.

HARBOR PATROL

The Toledo Police Division Harbor Patrol Unit patrols all navigatable waters within the jurisdiction of the City of Toledo. They perform such duties as are necessary for maintaining the safety of all persons and property in and along these many miles of water. They have enforcement responsibilities when watercraft violations are observed. The Harbor Patrol also coordinates and assists with search and rescue missions for lost or stranded persons on the waterways. They also tow disabled boats when necessary and remove hazards from the water that may pose a threat to the safety of the watercraft. Other duties include; accident reporting, boat inspections, and assisting the Coast Guard, as well as other agencies upon request. When the Harbor Patrol team is not on the waters, they can be seen at area boat shows, seminars and various other places informing the public in the safe operation of their watercraft.

TRAFFIC SECTION

The Traffic Section of the Toledo Police Division is the main repository of records for all traffic accidents and violations occurring in our city. They administer the School Crossing Guard program, parking meter enforcement and collection, the inspection of all Toledo taxi cabs and the inspection of the tow trucks. In order to keep our streets clear of junk autos, the Traffic section also has the responsibility to see that these ordinances are adhered to. The Traffic section also provides the rest of the Division with the many forms necessary and the technical equipment to be used in an on-going traffic enforcement, accident reduction program.

MOUNTED PATROL UNIT – ESTABLISHED 1985

The Mounted Patrol Unit of the Division will patrol the various high volume business districts and some of the major parks of the city on an as-needed basis. Their primary function is patrol in those areas where high visibility is required for deterrence and where maneuverability is necessary to move through large crowds of people and heavy vehicular traffic. Their duties will be varied but will include traffic control and enforcement, nuisance and crime prevention, crowd control, search and rescue, and any other duties that can best be handled on horseback. In addition to these normal police duties, the Mounted Unit will act as goodwill ambassadors of the City, visiting and assisting at various community events and schools.

MOUNTED PATROL UNIT

SUMMARY—1985

The Mounted Patrol Unit came about as a result of an indepth study conducted to determine the feasibility of such a unit for the City of Toledo.

Once the decision was made to implement an experimental program, two sergeants and nine officers were selected to attend the Detroit Police Departments Mounted Police Academy Class which began in early September. While the officers were undergoing their eight weeks of training, the purchase of ten horses was being conducted in Toledo along with many other arrangements which had to be made to accomodate the Unit upon their return.

Upon completion of their training in Detroit, two sergeants and seven officers graduated and returned to a local stable where they continue to train on their own horses. The combined training of officers and horses will continue throughout the winter with a tentative starting date of March 1, 1986.

INVESTIGATIVE SERVICES BUREAU

INVESTIGATIVE SERVICES BUREAU

AUTO THEFT UNIT

The primary role of this unit is to investigate all phases of auto theft and recoveries in an attempt to establish the pertinent information which will lead to the successful arrest and prosecution of the perpetrator. This unit accomplishes this by maintaining files of stolen and recovered vehicles and by working actively with the uniformed patrol units and adjacent police agencies in their motor vehicle investigations. By maintaining a close working relationship with the various title officers and the Bureau of Motor Vehicles in Columbus, they attempt to identify professional motor vehicle theft rings as well as the routine teenage joyrider. They not only concern themselves with automobiles but also with the theft prevention and investigation of heavy industrial equipment and marine type equipment offenses. Also included in their daily activities is the investigation of altered, concealed, or obliterated vehicle identification numbers and the investigation of vehicle arson.

BURGLARY UNIT

The Burglary Unit investigates all residential and commercial breakins that are reported to the police. These investigations include the development of profiles of burglary suspects by examining crime scenes, interpreting physical evidence, interrogating suspects and interviewing witnesses. In order to link suspects and stolen items to the particular offense, the burglary unit provides constant communication with property recovery personnel. Information is collected and then disseminated to the patrol operations in order to advise them on particular burglary patterns. Citizen cooperation is solicited by presenting programs to the community illustrating a realistic picture of the burglary problem, and at which time they explain the role of the responding officers and the investigator assigned to the case.

CHECK SQUAD

This unit provides a complete investigative service pertaining to crimes of forgery and passing of bad checks. They maintain files on active and inactive offenders of these types of crime and of stolen checks as well as check writing machines. One of their primary roles is that of liaison with area banks and commercial lending institutions in disseminating information to assist in apprehending persons involved in forgery and the cashing of bad checks.

HOMICIDE UNIT

The Homicide Unit has a wide range of investigative responsibilities from the investigation of purposeful deaths caused by violent means, to simple assault investigations. They also work in close relationship to the Lucas County Coroner and his investigators. They also investigate felonious assaults, aggravated assaults, kidnapping, abduction, and carrying concealed weapons felony offenses. They are also called upon to investigate unattended death situations that are generally not criminal in nature.

MISSING PERSONS UNIT

The Missing Persons Unit, as its name implies, takes reports of missing people and runaways. They evaluate, coordinate, and investigate with the aim of locating or apprehending these parties. Going even further, they build criminal cases against those adults who willfully harbor runaways in an effort to reduce the number of places juvenile runaways can go with the community. In order to update and improve their operation, they continually stay abreast of National changes that have occurred in this investigative area.

PERSONAL ASSAULT UNIT

This unit investigates all sex related crimes including sexual child abuse, and telephone harassment complaints, excluding prostitution and pornography. They attempt to evaluate and recognize series of similar sex related crimes in order to forward this information to the appropriate street patrol units. An on-going program is working with the Child Sexual Abuse Team at the Medical College of Ohio in order to improve procedures related to the treatment of both victim and offenders. They also work actively with members of Toledo United Against Rape in training programs.

SCIENTIFIC INVESTIGATION UNIT

The S.I.U. visits all major crime scenes with the task of sketching the scene, photographing the scene, search for fingerprints and lifting prints if found. They collect and preserve all physical evidence for future analysis and/or court presentations. Additionally, they attend autopsies when required, recording the findings of the criminal pathologists and collect any evidence attained as a result of the autopsy.

ADMINISTRATIVE STAFF

The Administrative Staff of the Investigative Services Bureau has the administrative duties to maintain employee time sheets, sick leave, vacation and all other records keeping in relation to this bureau's personnel. They coordinate all roll call training, supervise the civilian desk technicians, and provide a court officer for all felony arraignments and case coordination with the County prosecutor and Grand Jury. This unit also handles the service of all subpoenas to bureau personnel. Due to the extreme public interest shown to this bureau, the Administrative Staff serves as liaison with the press and other news media. Another of their growing responsibilities is the highly successful Crime Stopper Program.

PROPERTY RECOVERY UNIT

The Property Recovery Unit monitors all of the local pawnshops, junkyards, and gold/silver shops. They also operate undercover STING type operations as well as investigating stolen and recovered property cases.

ROBBERY UNIT

This unit investigates all commercial, street and financial institution robberies. Suspect auto and suspect photo files are kept to maintain current and past robbery events records in the event of similar offenses occurring. The robbery unit also correlates all information regarding suspects and possible locations for stake-outs with the uniformed units with the intention of on scene apprehension. They are also called upon to conduct line-ups, photo identifications and one-on-one street identifications.

SPECIAL SQUAD

The Special Squad processes and investigates miscellaneous crimes such as theft, credit card offenses, vandalism, and extortion. They also have the responsibility of serving arrest warrants issued in other jurisdictions when the person sought is thought to be in Toledo. This unit processes all fugitives and U.S. Servicemen who are away without leave.

PERSONAL ASSAULT UNIT

They also have the responsibility of serving arrest warrants issued in other jurisdictions when the person sought is thought to be in Toledo. This unit processes all fugitives and U.S. Servicemen who are away without leave.

YOUTH SERVICES SECTION

This section has the extremely important responsibility of investigating crimes which are committed by or perpetrated against juveniles, with the exception of murder and felony sex offenses. Additionally, they investigate child abuse cases and status offense cases. They are also involved in many family related problems such as Domestic Violence, unruly youths, Contributing to the delinquency of minors and child stealing.

VICE-METRO SECTION

The Vice-Metro Unit enforces all laws and regulations which are aimed at reducing or eliminating those activities related to drug trafficking, prostitution, gambling and liquor violations. They review all applications for arcades, bars, phrenologists, massage parlors, and dance halls. Within this area of responsibility they conduct inspections of these types of businesses and they perform background investigations of those persons running the same. This section is also called upon frequently to engage in educational programs dealing with drugs and gambling laws. They also present community awareness programs to schools, churches, and other groups upon request.

PROPERTY RECOVERY UNIT

1985 ACTIVITY SUMMARY

During 1985, the officers assigned to the Toledo Police Property Recovery Unit concluded two (2) undercover "Sting" type Operations. Over the past 8 years, the Division has successfully executed eight (8) of these covert operations netting over 9 million dollars in property and drugs recovered and over 1,200 arrests.

On January 29, 1985 we concluded an eleven (11) month operation that resulted in the indictment of 117 persons on 262 various charges. Stolen property and drugs were seized with a street value in excess of \$500,000.00. This operation was behind the facade of a Janitorial Service with the name of CAT Services. (CAT being the acronym for "Caught Again, Thieves!") One of the biggest buys was made on the same day that this operation came to a conclusion. A deal for 10,000 hits of LSD was set up and two (2) members of a local motorcycle gang, including their former President, were arrested and charged. Value of this single sale was \$30,000.00, the same amount that it cost the Division to sponsor this highly successful "Sting".

Our latest undercover operation was conducted on the East Side of Toledo, with the opening of a second-hand store operated by a female undercover officer whose code name was Bonnie Peel, and the name of the store?? "Bobbies", of course. Both of these names taken from our English counterparts and the name of the father of modern policing, Sir Robert Peel who created the first Metropolitan Police Department in London in 1829. This exercise lasted seven (7) months and was once again directed at that portion of the community involved in burglary, robbery, fencing, and narcotics. In addition to our "Bonnie Peel", two other undercover operatives went to the streets in search of these types of offenders. These officers made over 350 deals ranging from the recovery of lawn equipment to sawed off shotguns and an automatic machine gun. This entire operation netted over \$150,000 worth of property and drugs and the successful arrest of 115 people. Cost to the Division for this one was \$24,000.00.

In addition to these undercover maneuvers, the Property Recovery Investigators also recovered another \$60,000.00 worth of stolen property from checking the area pawn shops, gold and silver shops, as well as junk yards. These investigations led to the arrest of 40 additional suspects.

SUPPORT SERVICES BUREAU

SUPPORT SERVICES BUREAU

COMMUNICATIONS SECTION

The Communications Section, as its name implies, is the primary hub of the entire police division's emergency communications network including; telephone communications, radio communications, and teletype communications. This section receives and records on tape, all necessary incoming calls, both by radio and by telephone. They also dispatch all necessary police units to calls for service and other police situations. They monitor the National Weather Service teletype and broadcast all severe weather information. Additionally, they make tape recordings of all serious incidents and testify in court when required. The Communications Section also has the extremely important function of maintaining the portable radio inventory and the battery management program, to insure the proper functioning of these portable radios.

CRIME LABORATORY

The Toledo Police Regional Crime Laboratory provides their technical services to all area law enforcement agencies. Working in conjunction with the Scientific Investigation Unit of this Division, they develop proper methods of collecting and preserving physical evidence. Lab services which are provided include; forensic drug analysis, arson analysis, firearms identification, serial number restoration, blood alcohol determination, serological testing, hair and fibre determination and various other microanalytical techniques. Crime lab personnel are also called upon and recognized as court room experts and spend a great deal of time in the various courts of law testifying.

CRIME ANALYSIS UNIT

The Crime Analysis Unit provides the division with a comprehensive computer analysis of Part I and Part II crime offenses. By gathering, analyzing, and storing information, then disseminating this information to patrol units, the appropriate police action can be taken to reduce or eliminate this specific problem.

PROPERTY MANAGEMENT SECTION

The Property Management Section has the critical responsibility of maintaining control and accountability of all Division owned property. Included within this is the major task of operating the Division Motor Pool, overseeing the operation of the Police Armory and its arsenal, and maintaining the proper and legal functioning of the Police Property Room. Not only are the vehicles one of this section's primary responsibilities but in addition all of the equipment inside these vehicles that are used daily by our Patrol personnel. This section also conducts the Police Division Auctions in which autos, bicycles, and any other property confiscated, recovered and never claimed by its rightful owner is offered at public auction. This section is also the receiving point for all incoming and outgoing deliveries for the entire Division.

RECORDS SECTION

The Police Division Records Section acts as the central repository for all Division crime reports, criminal histories, lost, stolen and recovered property and all other operational information. By maintaining a historical record of Division activities such as files and updates on criminals, suspected criminals, persons wanted on warrants, arrests, criminal activity statistics, fingerprints, photographs, stolen and recovered property and vehicles, this information is readily accessible in useable form by members of the Division and other qualified agencies.

ADMINISTRATIVE SERVICES BUREAU

ADMINISTRATIVE SERVICES BUREAU

COMMUNITY AFFAIRS SECTION

The Community Affairs Section of the Toledo Police Division acts as liaison between community organizations and the Division by attending meetings, providing information and reporting to the Administration on past, current and future community problems. Another primary responsibility of this section is to investigate complaints from the local school systems involving the safety of students, teachers and administrators as well as investigating complaints involving neighbors that cannot be diffused or alleviated by conventional police practices. The Community Affairs Section also conducts traffic and personal safety programs in the schools and they coordinate the pre-school summer Safety program, Safe-T-City. The Crime Prevention function is also the responsibility of this Section.

PERSONNEL AND FISCAL AFFAIRS SECTION

This administrative section prepares and administers the division's budget and controls and coordinates the purchasing of all equipment and supplies for the division. They also are responsible for the payroll function, personnel record keeping, affirmative action statistics, Equal Employment Opportunity plans and maintaining the police Time Bank. They also assist in the labor relations function including contract negotiations, grievance response, grievance settlement and arbitration.

TRAINING AND RECRUITMENT SECTION

The Training and Recruitment section has the responsibility to research, plan, develop, coordinate, and produce skills and career development training programs for all levels of Division personnel. They serve as the Division's focal point for the recruitment, selection and training of prospective and newly sworn personnel. They also manage and maintain the Division Training facilities and equipment, as well as all training records and files. The Training and Recruitment section acts as liaison between the Division and the Ohio Peace Officer's Training Council.

TRAINING & RECRUITING SECTION

1985 SUMMARY

The graduation of the thirty three members of the 39th Toledo Police Academy Class took place in January of 1985 bringing the total officers hired since 1982 to over 200. Almost immediately, pre-employment screening began as some 2,300 persons signed up to take the Civil Service Exam. Of the 1,800 persons taking the exam, 1,200 passed. Prior to the test, hundreds of applicants took advantage of the orientation sessions offered by the Training and Recruiting Section.

During the Spring and Summer, pre-employment screening processed through psychological testing and interviews, medical exams, and background investigations including past work records, criminal histories, financial histories, etc. Two hundred and twenty five applicants were screened to find the sixty one who were subsequently hired for the 40th Academy Class which began in September and are due to graduate this winter.

Prior to the beginning of the class, the Training and Recruiting Section were relocated to the Owens Technical College Campus in Perrysburg Township, where the class was conducted.

In-service Training throughout the year resulted in 16,432 contact hours of instruction to incumbent officers of the Division. In addition, the Training Staff conducted an Eight Hour Domestic Violence Course mandated by the State of Ohio for all officers hired prior to 1979.

All officers of the Division fired at least twice at the Range during the year. Each officer was required to qualify each time with a score of 70% or better, and display proficiency with their service revolver, shotgun, and any off-duty weapon carried.

Problems related to weapons and the type of ammunition issued to our officers caused the Training Section to undertake a serious review of existing literature and research on the subject, and resulted in changes of issued ammunition, practice ammunition and the types of weapons issued to some of our officers.

The Training Section obtained a Computerized shoot-don't shoot simulator in 1985 which will be used extensively in future training programs. This Firearms Training System (F.A.T.S) simulator can project up to 40 different lifelike shoot/don't shoot scenarios and immediately mark the bullet hit on the screen after the officer fires. The computer then automatically scores the shots and indicates if the officer made the right decision. It then measures and displays your reaction time.
