

TOLEDO POLICE DIVISION ANNUAL REPORT 1984

PLANNING & INSPECTIONS
OFFICE COPY

(The Guardian)

ABOUT THE COVER. . .

The front cover of this year's Annual Report displays a photo of "The Guardian". This statue was created in 1982 from an original Toledo Police Division photograph of an early 20th century officer doing a school traffic detail. This statue is located in the Toledo Police Memorial Gardens and is dedicated to all TPD officers, PAST, PRESENT, and FUTURE.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception; the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all persons to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendship to influence my decisions, with no compromise for crime and with relentless prosecution of criminals. I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities. I recognize the badge of my office as a symbol of public faith, and I accept it as a public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the Police Service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession — Law Enforcement.

Director of Public Safety

From: John Mason
Chief of Police

Re: 1984 Annual Report

The 1984 Annual Report of the Toledo Police Division is hereby submitted to your office.

1984 has been a very significant year in several areas of involvement. Most important has been the complete restoration of police services to the public, as promised in 1982.

With the graduation of the 38th Toledo Police Academy Class in January of 1984, 121 new officers joined the ranks of our Police Division. In addition, a class of 35 began training in September, 1984. Graduating in January, 1985, this class brings our manpower strength to just under our authorized strength of 725.

Our citizen involvement programs have been greatly expanded in 1984 with the addition of much needed personnel in the Community Affairs Section. Several new programs were instituted in 1984, including the Mayor's Crime Watch Program, the Rape Prevention Program for all Jr. and Sr. High School students, the Parks Patrol Program and a Community Safe Block Parent Program. Additionally, some previously established programs have been expanded, such as the Invitation to Understanding program, the Child Fingerprint Program, School Safety, Safe-T-City, and the Neighborhood Block Watch Program.

I am also very pleased that the Division concluded its undercover drug investigation in our local public and parochial high school systems. By placing two undercover Toledo Police officers into the schools, 90 adults and 62 juveniles were arrested for selling drugs to students in and around the schools. This cooperative effort between the Police Division, the Board of Education and the Catholic Diocese is a fine example of inter-agency cooperation with a common goal. The most positive result of this effort was public awareness of an ever increasing problem confronting Toledo's young people.

A major achievement in 1984 was a continuing reduction in Toledo's crime rate. Overall, crime has decreased by 15% since 1983. We were especially successful in reducing the crime rate in such a violent crime as robbery. Property crimes showing a significant decline were burglary and larceny.

1984 cannot be discussed without mentioning the devotion to duty of the officers who continue to serve our citizens. Without their efforts, I sincerely feel that growth would be impossible.

Respectfully submitted,

John Mason

*John Mason,
Chief of Police*

TOLEDO CITY GOVERNMENT

TOLEDO, OHIO'S FOURTH LARGEST CITY, IS THE SEAT OF LUCAS COUNTY. IT IS LOCATED ON THE WESTERN SHORE OF LAKE ERIE AND IS THE MAJOR TRADING CENTER FOR NORTHWESTERN OHIO AND SOUTHEASTERN MICHIGAN. IT'S 354,000 RESIDENTS LIVE IN AN 86 SQUARE MILE AREA. TOLEDO, THE "GLASS CAPITAL OF THE WORLD" IS ONE OF THE NATION'S MOST IMPORTANT DISTRIBUTION CENTERS.

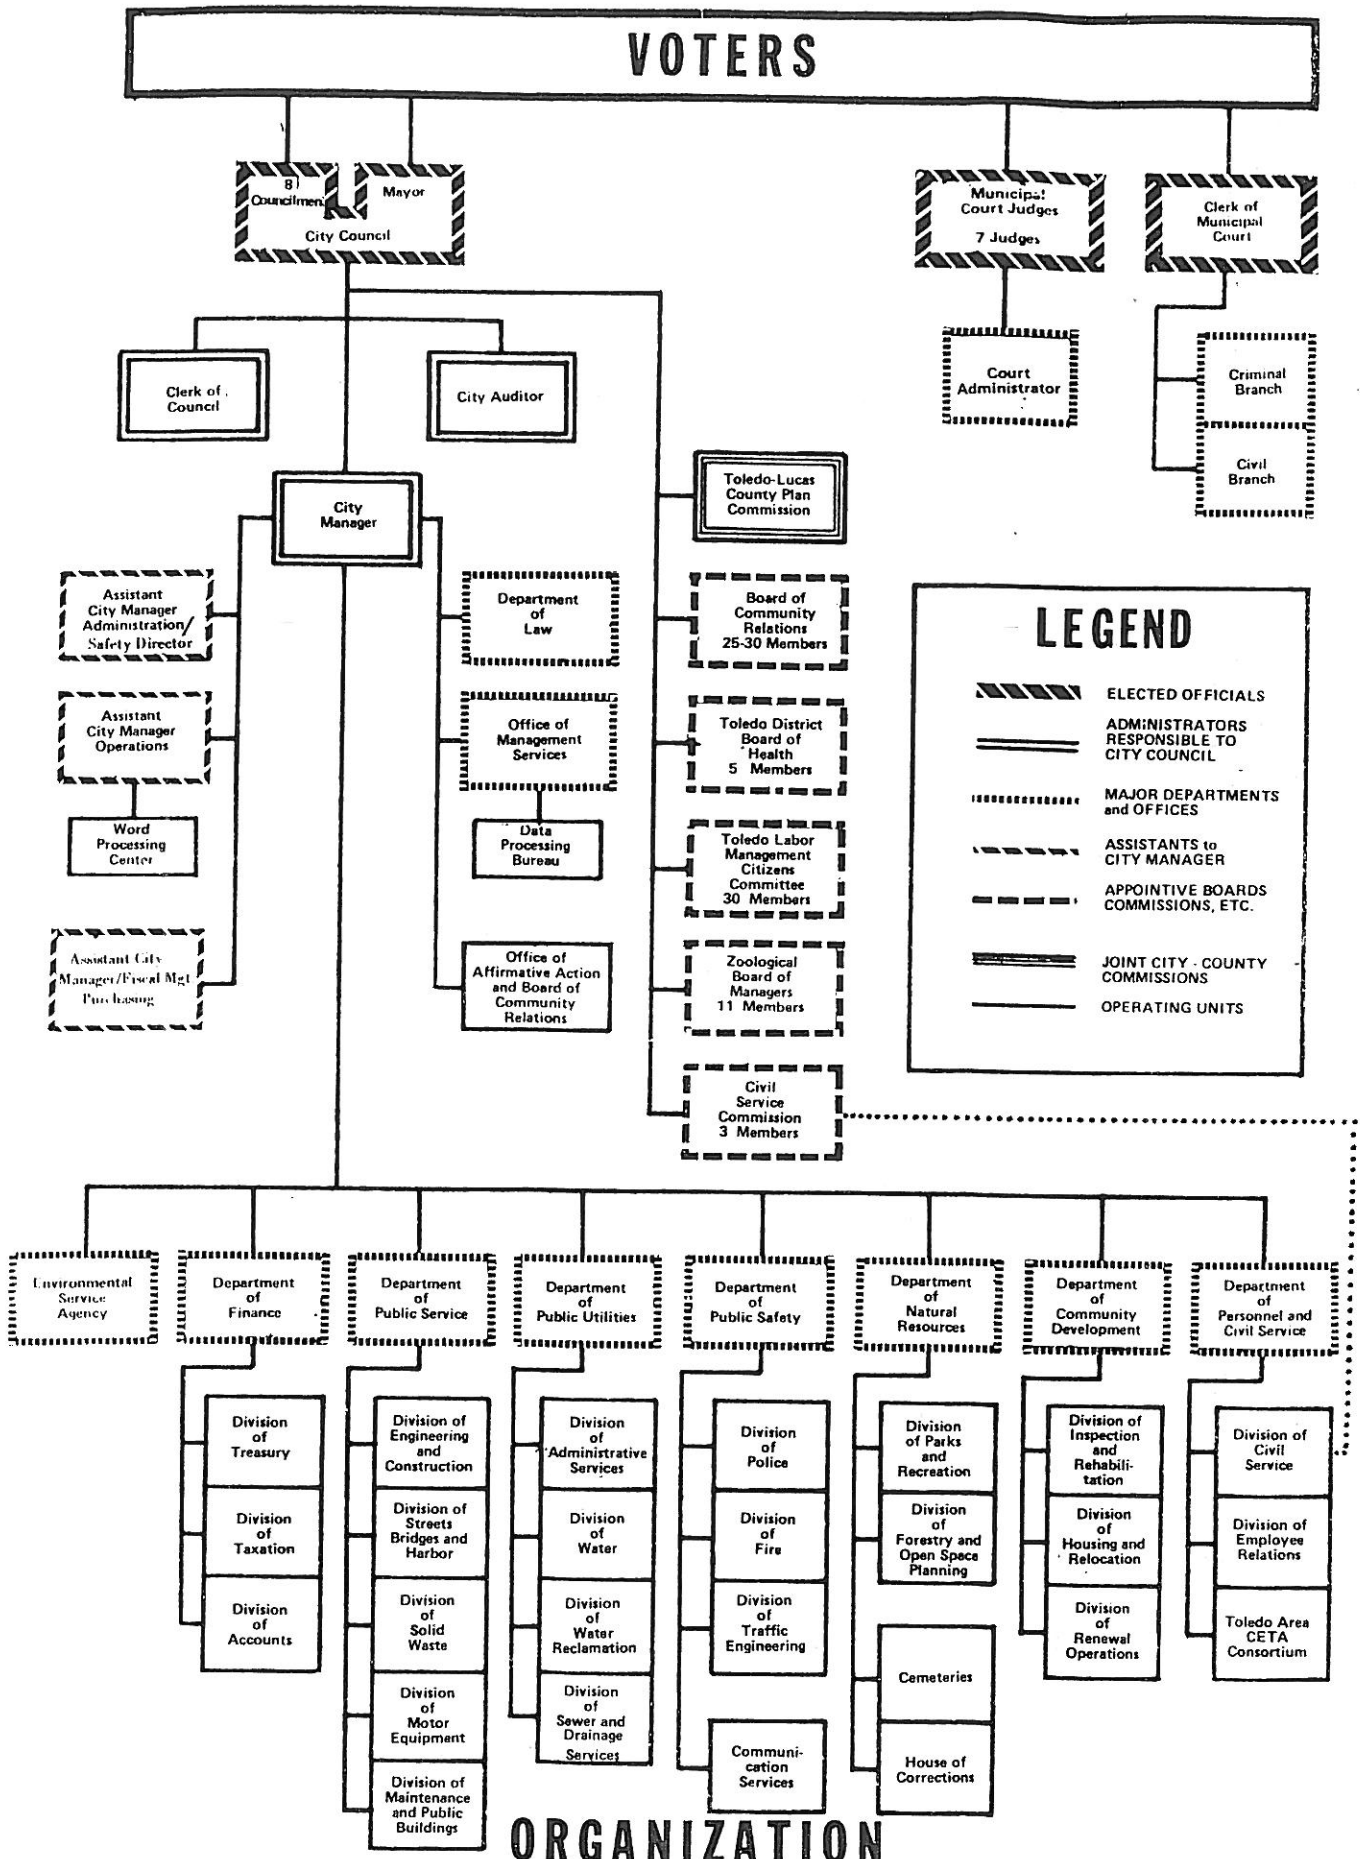

TOLEDO IS GOVERNED BY A NINE-MEMBER COUNCIL, ELECTED AT LARGE, LED BY THE MAYOR, ELECTED DIRECTLY BY THE PEOPLE. THE CITY MANAGER IS THE ADMINISTRATIVE HEAD OF CITY GOVERNMENT AND DISCHARGES COUNCIL'S DIRECTIVES.

THE TOLEDO POLICE DIVISION IS HEADED BY THE CHIEF OF POLICE AND IS UNDER THE ADMINISTRATIVE CONTROL OF THE DIRECTOR OF PUBLIC SAFETY. THE DIVISION MOTTO IS:

"TO PROTECT AND TO SERVE"

HISTORY OF THE TOLEDO POLICE DIVISION

1836

The City of Toledo was incorporated by an act of the State Legislature.

1837

The first City Charter is written. Calvin Comstock was appointed as the first City Marshall. Prior to that, justice was administered by the Justice of the Peace and his constables.

1840-1850

The population of the city rose to 3,827 people from 1,220.

1852

A volunteer police force was authorized by the City Council with the same police powers as the City Marshall.

1853

By Council Resolution, the "night watch" was initiated with a watchman for each of the four wards to patrol only during the night. The mayor had the right to appoint and regulate as he deemed necessary, with the advice of Council. The City Marshall was designated as the Captain of the Night Watch.

1865

The City Marshall was made a part of the Police Board. City Council Resolution stated, "If the Police Board shall deem it necessary at anytime, they may detail one or more of the police of the city to serve as Day Policeman." This was the first time authorization had been given for a daytime police officer.

1866

Because of the increase of Toledo's population (20,000), Toledo advanced to a City of the First Class in grade, and was invested with a local municipal government, including a Metropolitan Police Force. The Clerk of Council was instructed to begin paying salaries to police officers. Prior to this, any pay which the police had collected was through private contributions. Needless to say, those who contributed the most were used to getting the most protection. Thus the City Marshall and the volunteer police force was deposed. Three Police Commissioners were selected. Henry Breed was named Captain (Chief) of Police, and thirteen police men were hired as well as a Sergeant and a Turnkey. At that time each Patrolman was paid \$720 per year. The total annual budget was \$21,980. This included equipment maintenance, all salaries, and the upkeep of the prisoners in the City Jail. Patrolmen were assigned to work fourteen hours on the Day shift, and ten hours on the night shift, seven days a week.

1867

The first Detective, Elijah Hanks, was officially appointed. The Chain Gang was abolished in Toledo and the first In-Service Training was offered. This training was the reading of the Dep't Rules and Regulations. This was conducted at least once a week by the Captain.

1869

The first officer to be fired from the Toledo Police Force was one Henry Nellis, who was found sleeping on duty.

1871

Two Sanitary Policemen were appointed. Their duties consisted of fumigating homes where needed, and enforcing quarantines.

1874

By City Ordinance, the Title of Superintendent of Police was changed to Chief of Police. The work hours for the officers was shortened to approximately 12 hours for the day shift, and 10 for the night shift. The rank of Roundsman was established with the duty to go to to each District Beat and make sure that the assigned beatman was there, and to collect any information the beatman may have. This was the only means of communication between headquarters and the street officer.

1879

The limited use of photographs was initiated for criminal identifications.

1880

The first Metropolitan Police Board was instituted, with the local board members selected by the Governor. Subsequently, the members were elected by the public for four year terms.

The rank of Detective was permanently established by the Board of Police Commissioners. The City allowed for the appointment of a maximum of ten officers to the rank of Detective. William Scott became the first Chief of Police under the Metropolitan System.

1882

The City adopted the "Bertillion System" of measurements, as well as the "Scar and Mark" system for criminal identification. The Bertillion System involved the measuring of almost every part of the body, including the circumference of the head, the total span of the arms, etc. The scar and mark system involved the detailed listing of any scar or mark on the prisoner's body.

1883

The first patrol wagon (horse & buggy) was purchased to be used for the transportation of prisoners. Prior to this, all prisoners had to be walked to the station for booking. In the case of highly intoxicated persons, this often became a problem. One industrious officer solved this problem by borrowing a wheelbarrow for these situations.

1890

The City began to install over 100 Alarm Boxes in various neighborhoods through which the beat officer could be summoned.

1898

A police substation was opened at 612 Lagrange St. Prior to this, the only police station was located at 20 N. Superior St.

1899

The population increased (115,674) to the point where it now became necessary for an officer to be assigned to traffic duty. A man was assigned to the Summit & Cherry Street intersection.

1900

By this time, Toledo encompassed 28 square miles and employed 100 patrolmen, 11 command officers and three Detectives. The City had two prisoner wagons, one at each station.

1903

With the increased use of photographs, the Police Department established a Rouges Gallery, and began to do away with the Bertillion System of Identification.

1905

The use of fingerprinting was adopted for identification purposes.

1907

The City purchased it's first motorcycles for use by the officers. At first they were used only for emergency reasons. Reports indicated that two Detectives, assigned to nights, were dispatched to the scene of a burglary in progress on their motorcycles. After apprehending the burglars, they did not wish to waste time waiting on the horse and buggy wagon, so they drove the prisoners back to the station on the handlebars of their motorcycles at speeds up to 50 MPH.

1908

Whereas horses played a major role in police history elsewhere, Toledo did not adopt a mounted unit until now. It was the duty of each officer assigned to the Mounted Unit to care for his horse, including feeding, cleaning and grooming. The Mounted Police Squad lasted until 1928.

1911

The Police Department added a full Motorcycle Squad consisting of 20 men.

1919

The position of Turnkey was filled with a sworn police officer rather than a civilian. The first Police Woman was assigned with the duty of watching dancehalls and other places of public amusement, as well as handling certain cases involving women. The remainder of her time was spent on patrol.

1924

The Toledo Police Pistol Range was dedicated. The range was built by members of the Department and was reported to be one of the best in the country if not the World. It was estimated at the time to have been worth \$100,000 but the total construction cost was \$5.60 Most of the materials were donated, and the labor was performed by the officers themselves.

1925

The Police Department moved from the 80 year old structure on Superior St. to the newly built Safety Building at 525 N. Erie St., its current headquarters.

1926

The Women's Bureau was formed. This Bureau handled cases of missing girls and women, and any other cases involving women. The women Sergeant was Margaret Slater who headed it for 29 years. In a history of the police department by Harold Towe, professor at the University of Toledo, he stated, "It must be said that the Women's Bureau has, from its inception, been an honest to goodness police unit, making it's own investigations, check-ups, and arrests. They have been Police Officers, not social workers."

Then Chief of Police, Harry Jennings, instituted the concept of probation in the courts by establishing the "Reclaiming and Probation Division" of the Department. Police Officers assigned, interviewed first offenders prior to court, and made a recommendation to the court. If the offender was released, the officer worked closely with him for approximately six months.

1928

The memorial monument to police officers killed in the line of duty was dedicated this year. It was said to be the only memorial in the country conceived of and built by police officers. It was regarded as a fine work of art and architecture.

1930

The Department installed radio communications. Two way radios were installed in all police vehicles. The Police Department began broadcasting on Station WRDQ.

1932

The first police school was instituted with private qualified citizens donating their time and expertise. The first class lasted eight weeks. The Identification Bureau opened nights. Previously, it had only functioned during the day shift.

1934

The establishment of a school for traffic violators took place. The judge now had the option to sentence violators to the school, conducted by police officers, to improve the violator's basic driving skills.

1937

The Crime Laboratory was established. Prior to this time, limited scientific and chemical analysis was done, but the facilities at the University of Toledo Laboratory were utilized.

The Juvenile Bureau was created, although somewhat limited in it's functions. Police began to expand their duties from apprehension to prevention. The entire concept of law enforcement, or police work, was changing.

The Accident Investigation Squad also began this year. In 1937 there were 900 auto accidents in the City of Toledo.

1938

The Toledo Police Academy was initiated and graduated it's first class.

1940

Nine policemen began flight training to become "Policemen of the Air", as soon as the department received it's first airplane.

McCarthy Stadium in Highland Park was dedicated to Officer John McCarthy who was killed in the line of duty. His name, as well as the other 21 officers killed before him, was commemorated on a plaque at the stadium.

1949

Radar was adopted by the department and was first used to trap unsuspecting speeders.

1952

A Police Library is begun under the guidance of Inspector Roth of the Police Academy.

1953

Due to a high injury rate, the two-wheel Motorcycle Squad was abolished.

1955

The City was given a retired U.S. Coast Guard boat to enforce the water laws in the Toledo Area. This was the beginning of the Harbor Patrol.

1958

The police work week was reduced from 48 to 44 hours. (It was not until 1960 that the 40 hour work week was implemented.)

1960

The uniform was altered when the TPD went to the white trimmed hat to get away from the "bread truck" driver look. Also, the uniform began to sport a new look with the adoption of the new shoulder patch. This patch is the one still worn today.

1963

Due to major annexation in the metropolitan area, police patrol responsibility is now 76.8 square miles and the population is over 370,000 people. In less than two years, the City has grown over 19 square miles. The police budget --- \$3.3million.

1964

Patrol Districts are reorganized from 17 basic beats to 20. In addition the Police Division has initiated an 8:00pm-4:00am "Selective Enforcement" shift to help supplement the the district patrol units.

The Police Auto Pound was discontinued and a private garage was authorized to take over the storage of vehicles in police custody.

1966

Portable "Walkie-Talkie" Radios were introduced to the TPD, with great success.

1970

Officer William Miscannon was fatally shot at the corner of Junction & Dorr St's, September 18.

1973

Carol Tipton became the first woman to graduate from the Toledo Police Academy with the rank of Patrolman. The use of one-man patrol cars was begun.

1974

For the first time, Toledo hired someone from outside of the Division ranks, Corrin J. McGrath, to become their Police Chief. Air conditioning was also placed into marked police vehicles for the first time in our history.

1976

The Scott Park District Police Station was opened and was the first new police facility for the police division since 1925.

1977

The Toledo Police Division closed the men's and women's jails, and began booking all prisoners at the newly built Lucas County Correction's Center. This ended an era which began in 1837 when the city jail was first opened.

1980

All Field Operations Bureau and Investigative Personnel were pulled out of the Scott Park District Station and the Division was once again totally centralized. The facility at Scott Park would then house the Community Relations and the Crime Prevention Sections.

1982

Due to severe fiscal problems, almost all civilian police employees are laid off. Many returned to their jobs later on in the year after the Police Division worked shoulder to shoulder with other city agencies to help pass an increase in the payroll income tax.

1984

Due to increased resources as a result of economic growth and increased municipal tax revenues, the TPD completed a total restoration of services to the public. Manpower was brought up to authorized strength of 725, the first time since 1978. The Toledo Police Academy graduated the largest class in its history - 121.

Beat patrol officers return to the revitalized downtown area and in particular, Portside, the downtown Marketplace.

**TOLEDO POLICE DIVISION
EXPLORER POST**

The Toledo Police Explorer Post began full operation in January of 1983. Our Post is open to young men and women, ages fifteen to twenty-one. All candidates for the Post must pass a screening procedure before they qualify to belong to this organization.

In January 1984, the Explorers completed their 90 hour basic training program. These young people have become quite visible in the Toledo Area as they are almost always on hand to help our citizens at major events in Toledo. Their role during these events is to assist the public with information, giving directions, helping lost children and other community affairs duties.

One of their major undertakings of the year was their participation at the National Law Enforcement Explorer's Conference. This year's conference was held in Columbus, Ohio and eleven of our Explorers attended the six day event.

Besides the aforementioned activities, listed below is a statistical summary of the year's events.

ADMINISTRATIVE STAFF

ADMINISTRATIVE ASSISTANT

The Administrative Assistant to the Chief of Police has many responsibilities in representing the Office of the Chief. He represents the Chief at meetings and meets with neighborhood groups regarding specific problems in the community. He also screens citizen complaints that are directed to the Chief's office and responds to complaints and inquiries that come from other city agencies including the Mayor's Office, the City Manager's Office and from individual councilmen as well as council referrals. Other duties include functioning as the news media liaison officer, Chairman of the Award's and Safety Committees and coordination of the Outside Employment (Off-Duty) request of all sworn personnel.

CIVIL LIABILITY INVESTIGATION UNIT

This section provides a means of preparing complete and effective defenses in civil cases filed against the City of Toledo, its Officers and its employees. This investigative unit allows for the early and effective investigative involvement in tort liability matters, thus safeguarding and preserving information and evidence necessary in defending a lawsuit.

INSPECTIONS UNIT

This administrative unit conducts formal staff inspections to ascertain if Division policies, procedures and rules are being adhered to by all Division members. They also provide for the evaluation of systems and resources to determine if they are being utilized to their maximum efficiency within the guidelines of the Division. When found, they identify the causes of deviation and they will make recommendations to correct and improve, which in turn will strengthen morale and promote teamwork and productivity.

INTERNAL AFFAIRS UNIT

The Internal Affairs Unit investigates, coordinates and/or exercises staff supervision on behalf of the Chief of Police in regards to complaints against, or allegations of misconduct by members of the division. This unit also has the responsibility of presenting all evidence obtained during the investigation, particularly at disciplinary hearings, should they result.

PLANNING AND RESEARCH

This unit has the responsibility to develop the planning process that anticipate problems and suggest solutions. Planning and Research suggest and develop plans that improve police services in furthering Division goals. They also review policies to ascertain suitability, determine weaknesses and devise improved methods, as well as formalizing written policies to guide employees in the effective administration of the Division. Information which is needed for Division planning is also gathered and organized into suitable format by the Planning & Research Unit.

STRESS PROGRAM

The Toledo Police Stress Unit assists police division employees and other city employees as well as their family members in resolving or attempting to resolve alcohol, emotional, marital or other

problems that may be contributing to or causing declining employee job performance. This unit works in conjunction with the City of Toledo Employee Services Program. In assessing problem situations with a client, the Stress Officer appropriately refers the individual to a suitable community resource for treatment. He also carefully screens, becomes familiar with, and maintains a working relationship with people working in many diverse community treatment programs in order to be able to make referrals. This unit is also responsible for developing training programs for the same target population, which address such areas as life style management, stress management, marriage strengthening, alcoholism and others.

FIELD OPERATIONS BUREAU

PATROL SHIFTS

The uniformed patrol shifts are the nucleus of the Police Division. Through the assignment of four (4) shifts, they respond to all appropriate calls for service originated by the public, both crime related and service related. This section demands the greatest amount of personnel and the greatest amount of division resources. Fifty five percent of all personnel within the division, both civilian and sworn, are assigned to this extremely important function.

ADMINISTRATIVE STAFF

The Administrative Staff of the Field Operations Bureau performs all of the administrative functions associated with maintaining a 455 person work force. Included within these responsibilities are; maintenance of assignment sheets, uniform clothes accounting, clothing purchase authorization, equipment inspection, and many others.

HARBOR PATROL

The Toledo Police Division Harbor Patrol Unit patrols all navigatable waters within the jurisdiction of the City of Toledo. They perform such duties as are necessary for maintaining the safety of all persons and property in and along these many miles of water. They have enforcement responsibilities when watercraft violations are observed. The Harbor Patrol also coordinates and assists with search and rescue missions for lost or stranded persons on the waterways. They also tow disabled boats when necessary and remove hazards from the water that may pose a threat to the safety of the watercraft. Other duties include; accident reporting, boat inspections, and assisting the Coast Guard, as well as other agencies upon request. When the Harbor Patrol team is not on the waters, they can be seen at area boat shows, seminars and various other places informing the public in the safe operation of their watercraft.

TRAFFIC SECTION

The Traffic Section of the Toledo Police Division is the main repository of records for all traffic accidents and violations occurring in our city. They administer the School Crossing Guard program, parking meter enforcement and collection, the inspection of all Toledo taxi cabs and the inspection of the tow trucks. In order to keep our streets clear of junk autos, the Traffic section also has the responsibility to see that these ordinances are adhered to. The Traffic section also provides the rest of the Division with the many forms necessary and the technical equipment to be used in an on-going traffic enforcement, accident reduction program.

ADMINISTRATIVE SERVICES BUREAU

COMMUNITY AFFAIRS SECTION

The Community Affairs Section of the Toledo Police Division acts as liaison between community organizations and the Division by attending meetings, providing information and reporting to the Administration on past, current and future community problems. Another primary responsibility of this section is to investigate complaints from the local school systems involving the safety of students, teachers and administrators as well as investigating complaints involving neighbors that cannot be diffused or alleviated by conventional police practices. The Community Affairs Section also conducts traffic and personal safety programs in the schools and they coordinate the pre-school summer Safety program, Safe-T-City. The Crime Prevention function is also the responsibility of this Section.

COURT UNIT

The Toledo Police Court Unit serves as liaison to solve problems between the police division and both the Toledo Municipal Court and the Lucas County Common Pleas Court. Some of the duties of this unit are to review precepts issued for misdemeanor cases to prevent duplication of testimony, monitor prosecutor pre-trials to assure that only the necessary officers are subpoenaed, and to monitor the court rooms to assist and supervise those officers appearing in court. This unit also has the responsibility to assist in the scheduling process to assure that court dates do not conflict with an Officer's vacation, or any other reason for absence.

PERSONNEL AND FISCAL AFFAIRS SECTION

This administrative section prepares and administers the division's budget and controls and coordinates the purchasing of all equipment and supplies for the division. They also are responsible for the payroll function, personnel record keeping, affirmative action statistics, Equal Employment Opportunity plans and maintaining the police Time Bank. They also assist in the labor relations function including contract negotiations, grievance response, grievance settlement and arbitration.

TRAINING AND RECRUITMENT SECTION

The Training and Recruitment section has the responsibility to research, plan, develop, coordinate, and produce skills and career development training programs for all levels of Division personnel. They serve as the Division's focal point for the recruitment, selection and training of prospective and newly sworn personnel. They also manage and maintain the Division Training facilities and equipment, as well as all training records and files. The Training and Recruitment section acts as liaison between the Division and the Ohio Peace Officer's Training Council.

ADMINISTRATIVE SERVICES BUREAU

TRAINING & RECRUITMENT SECTION

1984 HIGHLIGHTS

The most significant highlight of 1984 was the graduation of the 38th Toledo Police Academy Class in January. This graduation concluded one of the most aggressive hiring endeavors the TPD has ever undertaken, and is most noteworthy due to the size of the class—121. This class is the largest graduating class in the history of the Toledo Police Academy.

The Training Section also undertook various other training programs including a 24 hour Sergeant's Orientation Class in March as well as a 40 Hour In-Service Program being conducted weekly from April through October. This program was multi-faceted and included training in the use of the PR-24 side handled baton and the familiarization of the Bianchi 350 Security Holster, both required equipment items for line personnel. Besides the required shooting qualification, these incumbent officers received comprehensive training in weapons retention techniques, traffic and felony stops, building search, prisoner search, handcuffing, restraint techniques and an introduction and familiarization to the Differential Police Response Project and its impact on our Division's method of handling calls for service. Besides the conventional Weaver Method Qualification Shooting practice, "Shoot-Don't Shoot" and multiple/moving target scenarios were incorporated into the training.

In May, the Background Investigation Team began screening applicants for the upcoming 39th Toledo Police Academy Class. Subsequent to this most tedious process, the class was sworn in and began their Basic Training in September. Even before this class of 35 had graduated, another Recruitment effort began the process of attracting suitable candidates for the the 40th Class to be hired in 1985.

1984 also saw the expansion of the Basic Training curriculum from 18 to 20 weeks. With input received from prior graduating classes and other sources, course weaknesses were identified and the following programs were added: Hostage Negotiation—Officer as Hostage, Weapons Retention, Fire Division Practices and Procedures, Traffic Engineering, Sexual Harassment and a Firearms Refresher Program just prior to graduation. In addition, six days were set aside to conduct practical scenarios (role playing) in which one scenario culminated into a Mock Trial using an authentic judge, prosecutor and defense attorney. This role playing method of training allows for the evaluation of the trainee in the many job duties and tasks that he has been taught in the preceding weeks. These scenarios attempt to realistically demonstrate those situations that an officer is most apt to encounter when he is activated.

Nearly every officer of the Division received a minimum of 40 hours training in this past year. Besides the operational type of training, supervisors received Management and Supervision training offered by the Criminal Justice Training Center in 1984.

The Toledo Police Training & Recruitment Section is continually developing programs to recruit and effectively train our members. As new programs are developed and implemented, all sworn members of our Division return and take advantage of the training programs.

Total	\$32,033,820	100%

INVESTIGATIVE SERVICES BUREAU

AUTO THEFT UNIT

The primary role of this unit is to investigate all phases of auto theft and recoveries in an attempt to establish the pertinent information which will lead to the successful arrest and prosecution of the perpetrator. This unit accomplishes this by maintaining files of stolen and recovered vehicles and by working actively with the uniformed patrol units and adjacent police agencies in their motor vehicle investigations. By maintaining a close working relationship with the various title officers and the Bureau of Motor Vehicles in Columbus, they attempt to identify professional motor vehicle theft rings as well as the routine teenage joyrider. They not only concern themselves with automobiles but also with the theft prevention and investigation of heavy industrial equipment and marine type equipment offenses. Also included in their daily activities is the investigation of altered, concealed, or obliterated vehicle identification numbers and the investigation of vehicle arson.

BURGLARY UNIT

The Burglary Unit investigates all residential and commercial breakins that are reported to the police. These investigations include the development of profiles of burglary suspects by examining crime scenes, interpreting physical evidence, interrogating suspects and interviewing witnesses. In order to link suspects and stolen items to the particular offense, the burglary unit provides constant communication with property recovery personnel. Information is collected and then disseminated to the patrol operations in order to advise them on particular burglary patterns. Citizen cooperation is solicited by presenting programs to the community illustrating a realistic picture of the burglary problem, and at which time they explain the role of the responding officers and the investigator assigned to the case.

CHECK SQUAD

This unit provides a complete investigative service pertaining to crimes of forgery and passing of bad checks. They maintain files on active and inactive offenders of these types of crime and of stolen checks as well as check writing machines. One of their primary roles is that of liaison with area banks and commercial lending institutions in disseminating information to assist in apprehending persons involved in forgery and the cashing of bad checks.

HOMICIDE UNIT

The Homicide Unit has a wide range of investigative responsibilities from the investigation of purposeful deaths caused by violent means, to simple assault investigations. They also work in close relationship to the Lucas County Coroner and his investigators. They also investigate felonious assaults, aggravated assaults, kidnapping, abduction, and carrying concealed weapons felony offenses. They are also called upon to investigate unattended death situations that are generally not criminal in nature.

MISSING PERSONS UNIT

The Missing Persons Unit, as its name implies, takes reports of missing people and runaways. They evaluate, coordinate, and investigate with the aim of locating or apprehending these parties. Going even further, they build criminal cases against those adults who willfully harbor runaways in an effort to reduce the number of places juvenile runaways can go with the community. In order to update and improve their operation, they continually stay abreast of National changes that have occurred in this investigative area.

PERSONAL ASSAULT UNIT

This unit investigates all sex related crimes including sexual child abuse, and telephone harassment complaints, excluding prostitution and pornography. They attempt to evaluate and recognize series of similar sex related crimes in order to forward this information to the appropriate street patrol units. An on-going program is working with the Child Sexual Abuse Team at the Medical College of Ohio in order to improve procedures related to the treatment of both victim and offenders. They also work actively with members of Toledo United Against Rape in training programs.

SCIENTIFIC INVESTIGATION UNIT

The S.I.U. visits all major crime scenes with the task of sketching the scene, photographing the scene, search for fingerprints and lifting prints if found. They collect and preserve all physical evidence for future analysis and/or court presentations. Additionally, they attend autopsies when required, recording the findings of the criminal pathologists and collect any evidence attained as a result of the autopsy.

ADMINISTRATIVE STAFF

The Administrative Staff of the Investigative Services Bureau has the administrative duties to maintain employee time sheets, sick leave, vacation and all other records keeping in relation to this bureau's personnel. They coordinate all roll call training, supervise the civilian desk technicians, and provide a court officer for all felony arraignments and case coordination with the County prosecutor and Grand Jury. This unit also handles the service of all subpoenas to bureau personnel. Due to the extreme public interest shown to this bureau, the Administrative Staff serves as liaison with the press and other news media. Another of their growing responsibilities is the highly successful Crime Stopper Program.

PROPERTY RECOVERY UNIT

The Property Recovery Unit monitors all of the local pawnshops, junkyards, and gold/silver shops. They also operate undercover STING type operations as well as investigating stolen and recovered property cases.

ROBBERY UNIT

This unit investigates all commercial, street and financial institution robberies. Suspect auto and suspect photo files are kept to maintain current and past robbery events records in the event of similar offenses occurring. The robbery unit also correlates all information regarding suspects and possible locations for stake-outs with the uniformed units with the intention of on scene apprehension. They are also called upon to conduct line-ups, photo identifications and one-on-one street identifications.

SPECIAL SQUAD

The Special Squad processes and investigates miscellaneous crimes such as theft, credit card offenses, vandalism, and extortion. They also have the responsibility of serving arrest warrants issued in other jurisdictions when the person sought is thought to be in Toledo. This unit processes all fugitives and U.S. Servicemen who are away without leave.

YOUTH SERVICES SECTION

This section has the extremely important responsibility of investigating crimes which are committed by or perpetrated against juveniles, with the exception of murder and felony sex offenses. Additionally, they investigate child abuse cases and status offense cases. They are also involved in many family related problems such as Domestic Violence, unruly youths, Contributing to the delinquency of minors and child stealing.

VICE-METRO SECTION

The Vice-Metro Unit enforces all laws and regulations which are aimed at reducing or eliminating those activities related to drug trafficking, prostitution, gambling and liquor violations. They review all applications for arcades, bars, phrenologists, massage parlors, and dance halls. Within this area of responsibility they conduct inspections of these types of businesses and they perform background investigations of those persons running the same. This section is also called upon frequently to engage in educational programs dealing with drugs and gambling laws. They also present community awareness programs to schools, churches, and other groups upon request.

INVESTIGATIVE SERVICES BUREAU

PROPERTY RECOVERY UNIT

In 1984, the Toledo Police Division, in cooperation with the Toledo Public Schools, the Toledo Catholic Diocese and the Washington Local Board of Education, concluded a 12 month undercover drug investigation. This operation, the sixth major undercover investigation in the past six years, targeted the Toledo area public and parochial high schools to determine the amount of drugs in the high schools as well as how the drugs were entering the schools.

Two Toledo Police officers, recently graduated from the Toledo Police Academy enrolled as seniors in various high schools. After a short period of time they were accepted as participants in the student's drug scene.

This operation resulted in the arrests of 90 adults and 62 juveniles who were charged with selling drugs in and around the schools. These officers also observed over 100 other juveniles who were buying or obtaining drugs from these suppliers. Although not arrested, these juveniles were identified as users to the schools and their parents. These students were then diverted to drug rehabilitation programs with the hope of discontinued use. This diversion program was also successful in keeping their records clean of any arrests.

Of the adults that were arrested, many received harsh prison sentences. Some sentences resulted in years of prison time as the courts found very little sympathy for adults who were known to sell drugs to our area youths. All of the juveniles that were observed selling drugs were subsequently prosecuted and required to attend drug orientation classes with their parents, perform community service, submit to unannounced drug tests, and some received sentences in juvenile correctional facilities.

In almost all cases the drugs that were being sold at the schools were being brought into the schools by fellow classmates who obtained the drugs from other sources and in some cases, family members. Adults bringing the drugs directly into the schools did not appear to be a problem.

Various drugs found in the schools included marijuana, cocaine, hashish and a surprisingly large amount of LSD. Another problem which was recognized through this investigation was that of the abuse of alcohol by our teenagers.

Hopefully this type of operation has made our students, their families and our community aware of the vast availability of drugs and alcohol to our young people. Only through concerted efforts by our schools, police, courts and parents can we hope to make a significant impact on this major social problem.

SUPPORT SERVICES BUREAU

COMMUNICATIONS SECTION

The Communications Section, as its name implies, is the primary hub of the entire police division's emergency communications network including; telephone communications, radio communications, and teletype communications. This section receives and records on tape, all necessary incoming calls, both by radio and by telephone. They also dispatch all necessary police units to calls for service and other police situations. They monitor the National Weather Service teletype and broadcast all severe weather information. Additionally, they make tape recordings of all serious incidents and testify in court when required. The Communications Section also has the extremely important function of maintaining the portable radio inventory and the battery management program, to insure the proper functioning of these portable radios.

CRIME LABORATORY

The Toledo Police Regional Crime Laboratory provides their technical services to all area law enforcement agencies. Working in conjunction with the Scientific Investigation Unit of this Division, they develop proper methods of collecting and preserving physical evidence. Lab services which are provided include; forensic drug analysis, arson analysis, firearms identification, serial number restoration, blood alcohol determination, serological testing, hair and fibre determination and various other microanalytical techniques. Crime lab personnel are also called upon and recognized as court room experts and spend a great deal of time in the various courts of law testifying.

CRIME ANALYSIS UNIT

The Crime Analysis Unit provides the division with a comprehensive computer analysis of Part I and Part II crime offenses. By gathering, analyzing, and storing information, then disseminating this information to patrol units, the appropriate police action can be taken to reduce or eliminate this specific problem.

PROPERTY MANAGEMENT SECTION

The Property Management Section has the critical responsibility of maintaining control and accountability of all Division owned property. Included within this is the major task of operating the Division Motor Pool, overseeing the operation of the Police Armory and its arsenal, and maintaining the proper and legal functioning of the Police Property Room. Not only are the vehicles one of this section's primary responsibilities but in addition all of the equipment inside these vehicles that are used daily by our Patrol personnel. This section also conducts the Police Division Auctions in which autos, bicycles, and any other property confiscated, recovered and never claimed by its rightful owner is offered at public auction. This section is also the receiving point for all incoming and outgoing deliveries for the entire Division.

RECORDS SECTION

The Police Division Records Section acts as the central repository for all Division crime reports, criminal histories, lost, stolen and recovered property and all other operational information. By maintaining a historical record of Division activities such as files and updates on criminals, suspected criminals, persons wanted on warrants, arrests, criminal activity statistics, fingerprints, photographs, stolen and recovered property and vehicles, this information is readily accessible in useable form by members of the Division and other qualified agencies.

SUPPORT SERVICES BUREAU

COMMUNICATIONS SECTION 1984 SUMMARY

Total Incoming Telephone Calls - 1984	372,145
Incoming Calls Answered Within 24 Seconds	351,120
Calls to Recorder (After 24 seconds)	21,025
Calls Abandoned by Calling Party	12,308
Calls Referred to Telephone Reporting Unit	12,823

OF THE TOTAL INCOMING CALLS, 90% WERE ANSWERED WITHIN 24 SECONDS.

ACTIVITIES OF EACH RELIEF	0600x1400 Shift	1400x2200 Shift	2200x0600 Shift	Total for Year
Answered Calls For Service (mobile units)	68,676	116,910	132,064	317,650
Answered Calls For Service (compared to 1983)	63670 -5,006	108,203 -8,707	116,806 -15,258	288,679 -28,971

In 1984, the Communications Section received **265** calls for service in which there were no mobile units available to send. This is in comparison to **2,575** calls not answered in 1983. This reflects a decrease of **89.7%**. With the Delayed Mobile Response System, the better use of the Telephone Reporting Unit, General Broadcasts of low priority complaints without a complainant, and the improved screening of calls by our intake operators, this figure was cut to 0 in the final five (5) months of 1984.
