Portable, Walkie-Talkie Radios for foot patrolmen were first used this year. The innovation has proven so successful, that consideration has been given to expanding their use in the future.

The purchase of approximately one-third replacement of motor vehicles, together with a new type patrol wagon, will greatly reduce maintenance costs. No motor equipment over three years of age will be in service, and only the chassis of the patrol wagons need be replaced frequently, since the body is transferrable to a new chassis as necessary.

Complete new equipment was furnished for the Polygraph Section of the Crime Laboratory.

The State of Ohio, Department of Natural Resources approved our request to subsidize the cost of operating the Police Harbor Patrol. The state now pays one-half the cost of this operation.

The use of tape recording machines in various interrogation activity was greatly expanded, with the purchase of four recorders during the year.

The inservice training program has continued to expand. Written brochures of training information are issued to every member regularly, with visual educational aids supplementing the program at roll call showings. Criminal Investigation instruction was made available to members who desired to attend. Firearms instruction was given with emphasis on new techniques in combat firing, accuracy and speed.

During the year, we were fortunate to graduate a member of the division from the Federal Bureau of Investigation Academy, one member from the Federal Narcotic School, one from a Business Administration School for Police Officials at Harvard University, three from the Municipal Supervisor's Training Program, as well as sending representatives to seminars on Traffic and Computer procedures.

A thorough study has been made of intra-city, inter-state and inter-law enforcement communications. In view of a contemplated National Crime Network, preparations are continuing to assure Toledo the most up-to-date, computerized communications and information retrieval system available.

To: Allen J. Andrews, Director of Public Safety
From: Anthony A. Bosch, Chief of Police
Subject: 1966 Annual Police Report

Though the division strength was not increased during 1966, the division had a firm commitment from City Council and the Administration, that fifty new police cadets would be added early in 1967.

I wish to express my personal appreciation to the personnel of the Police Division for the outstanding loyalty and the efficiency displayed in the performance of duty. Also, my deep appreciation to the Administration and City Council for their cooperation in the past which has made it possible to implement many successful programs.

Anthony A. Bosch,
Chief of Police.

ANNUAL REPORT OF THE TOLEDO POLICE ACADEMYCADET CLASS

The twenty-seventh class of the Toledo Police Academy was appointed April 1, 1966, and graduated on June 30, 1966. The class consisted of twenty-one recruits; all members of the Toledo Police Division.

CHARACTER INVESTIGATIONS

One hundred and sixty one character investigations were made by the academy staff. These investigations concerned persons on police and fire eligibility lists.

IN-SERVICE TRAINING

The following in-service training courses were held in 1966:

A special eleven-session In-Service Training Course on Procedures of the Detective Bureau and Investigations was conducted at the academy. Seventy-one officers attended 1,336 hours of training.

The Federal Bureau of Investigation used the academy to present a four-day program for command officers. Thirty-nine officers attended 324 hours of training.

Training Key Film Strips and Sound Recordings were shown at 126 roll calls covering various phases of police work.

FIREARMS TRAINING

The Police Combat Training Pistol Range, used as a facility in training police personnel, was ready for use in April and was in use up to October 31, 1966.

The program included several new techniques in combat firing. Three new positions included are prone, sitting and kneeling. A new Seven Yard Hip Course was included with emphasis on speed and accuracy in firing weapons. Small arms and shot gun training is included.

Since the implementation of the above shooting techniques there has been an increased degree of enthusiasm in the training program and our police personnel have acquired a greater accuracy and feeling of self-confidence in the handling of their weapons.

RESEARCH

Constant changes in the law and court rulings demands a continuous search of all available sources of information to keep abreast in modern police work. The academy is a source of information and assistance to the officers with their problems and they freely call upon the academy staff to obtain answers to their problems.

PUBLIC RELATIONS

The academy staff members made twenty-two public addresses before church, school, civic and service organizations. They held nine film showings and three tours of police facilities. These efforts reached 3,200 Toledo residents. The staff appeared twice on television and once on a radio program featuring various police activities.
